4. Winter Sports – Martin RPI, Draw meeting updates if needed.

- a. Conversation concerning the Martin RPI process and a review of documents from a NWDAB girls draw were reviewed. Mr. Hayes stated that he had researched how our coaches seeded the teams and compared to the RPI standing, stating that the coaches, in most cases, had the teams seeded with in 1-3 spot of the RPI standings. One outlier was Pickering Central.
- b. One coach expressed concern that we should return to in person meetings due to MS Teams platform not performing well, or suggested that we use a different meeting software. The general consensus was that the board felt more people were showing up and that the length of drive for some schools to a central location would be a hinderance. The example was given that D4 draw was concluded in 14 minutes.

One coach concerned that they are coaching two different schools that were assigned to different sites. It was reported that the correction was not made in MyOHSAA and the first report of this situation happened after the sites had been assigned. The coach was given ample opportunity prior to the draw to alert the board or manager and failed to do so, the tournament will continue as planned.
