A Message from OHSAA Sport Administrator – Monroe Britton

Thank you for your willingness to serve as a manager for the OHSAA Golf Tournament!

This is the traditional 'Managers' Manual' provided to all managers of Sectional and District tournaments that reflects the consistent procedures for all tournaments across the state. District Athletic Boards (DAB's) make certain permissible adjustments in their respective districts, but this manual reflects items adopted by the OHSAA's Board of Directors to provide a consistent and fairly administered tournament across the state.

The manual is designed to help you in the operation of the tournament and is divided into basic parts of:

- Introduction Information
- Important Changes for This Year
- Baumspage Information
- General Information
- Overall Tournament Organization Information
- Specific Regulations (Coaching Rule, Distance-Measuring Devices, Electronic Communication Devices)
- Financial Reporting Information
- Inclement Weather Information
- Medical Information
- Tournament Regulations

I cannot stress enough the importance of adhering to regulations at the sectional & district level. As you might expect, should a regulation not be followed, it only becomes magnified when the team advances to another level and is required to follow a regulation that should have been followed all along.

Each District Athletic Board is given the task of organizing tournaments at the sectional and district level in their respective athletic districts under the tournament regulations adopted by the OHSAA's Board of Directors. These tournament regulations are located at the end of this manual.

Though nearly all your communication will be with the District Athletic Board member in your district that oversees golf, if I can be of any service to you, please do not hesitate to contact me via email at mbritton@ohsaa.org. Thank you for your efforts and making this year's tournament the best it can be for the student-athletes!

Monroe Britton,
OHSAA Sport Administrator

OHSAA Mission Statement

To serve our member schools and enrich interscholastic opportunities for students.

2023 Changes and Important Information

1. **iWanamaker** and the **OHSAA Golf App** will be used for **Live Scoring** at all Sectional, District, and State Tournaments. (See section **IX Scoring** of the Tournament Regulations for details.)
 - a. Operating your tournament with live scoring through the OHSAA Golf app will require tournament managers to follow guidance provided by the OHSAA, Baumspage, and iWanamaker in order to operate their tournament. Click the [Baumspage and iWanamaker Integration](#) link for information and details.
 - b. Players are responsible for live scoring using the OHSAA Golf App during play.
 - c. In the event the competitor does not have a mobile device, an alternate person such as a fellow competitor, coach, or authorized representative may enter the scores in as timely a manner as possible.
 - d. It is the Golf Manager's responsibility to ensure the accuracy of the scoring information on the OHSAA Golf Application.
2. As always please review the OHSAA Golf Tournament Regulations in full, linked at the end of this resource. See section **VII. Rules** for specific OHSAA Rules and modifications.
 - a. Item VII-B states that the optional Local Rule that allows players to drop a ball with 2 penalty strokes in an area near where the ball was lost or estimated to go out of bounds **will NOT be used at the OHSAA Sectional, District or State Championships**
 - b. Item VII-C states that a 12 stroke limit (OHSAA Local Rule) to be used in Sectional tournament only.
 - c. VII-C states that no headphones should be used during play.
3. Section **X Ties** states that ties that affect the number of qualifiers shall be resolved by playing a additional hole or holes until the tie is broken. If a tie does not affect the number of qualifiers,
 - a. Team ties to determine order of play in the next tournament will be broken by: better 5th score, better 4th score, better 3rd score, better 2nd score, better 1st score, coin toss.
 - b. Individual ties will use the **USGA Tiebreaker based on the Last 9, 6, 3, 1 holes played versus par.** OHSAA tournaments will designate Holes 10 to 18 as the last holes regardless of the starting hole.
4. Tournament ticket prices for the sectional and district tournaments will be \$8. Children under the age of five are provided complimentary admission. Tickets can be purchased at ohsaa.org/tickets.
5. Green Fees – Per Golf Tournament Regulation XV, participating schools will not be charged green fees for competition rounds of play.
6. **District Managers:** Will receive an email containing important information that the teams and individuals will need for the state. Please print the appropriate state qualifier sheets and give them to your teams and individuals that qualify to state.
7. **District Managers:** Also, please be sure to print the state tournament practice times schedule and assign practice times for your qualifiers and call, text, or email Monroe Britton: mbritton@ohsaa.org with their assignments.
8. Each DAB has been given the authority to determine whether to permit spectator carts at your tournaments. They should provide you their decision and all the details prior to or at the manager meeting. Please reach out to them should you have any questions.

Utilizing “Baumspage” for Tournament Managers

The use of [Baumspage](#) remains a requirement at all sectional and district tournaments. It provides data management and tournament coordination by integrating online entry, posting of results, transfer of qualifier data, and participation reports all the way through to the state tournament. The Baumspage staff will coordinate the setup and integration of [iWanamaker](#) for live results with the export of the leaderboard and the import back to [Baumspage](#) for the traditional results.

Click [Baumspage and iWanamaker Integration](#) for links to flowcharts and iWanamaker videos. Review the information specific to your tournament as you work your way through the iWanamaker steps. Call if you need help!

General Information for Sectional / District Managers

1. Managers should consult their respective district’s websites for teams assigned to their sectional/district tournaments. Please be in constant contact as ‘full teams’ and ‘individual’ competitors change frequently.
2. Once you have been provided the teams assigned to your Sectional/District, tournament managers should send tournament information to **both the School Athletic Director AND the School’s Golf Coach** and/or district tournament managers. This should be done in a timely fashion, preferably **a minimum of two weeks before their tournament**.
3. This should include site of tournament, date of tournament, tee times/pairings, golf course telephone numbers, charge for range balls, and any other pertinent information.
4. If the host golf course has a website, it is recommended it be used as well to provide necessary information.

 - C. Encourage all players to keep the scores for all players in their respective group.
 - D. The score shall be verbalized by the player so all in the group, including the scorer for that player, can hear. If there is a discrepancy between the score marked and the score announced, the scorer shall ask the player to review his/her strokes in the presence of the other players. Golfers shall settle all questions on number of strokes before starting play on the next hole. The score must be verified before the first tee shot is made.
 - E. A scoring area **MUST** be made available for the players to use at the conclusion of play. It should be near the last green and away from players, coaches, and spectators.
 - F. Scorecards must be signed by the scorer and attested to by the player. The player is only responsible for their hole-by-hole scores, and not the total. Once the scorecard is turned in, it may not be altered.
 8. Motorized carts may be used by the tournament manager and the Rules Committee. Coaches are permitted the use of golf carts for coaching purposes at the **discretion of each District Athletic Board**. Golf Tournament Sites & Assignments

Each of the state’s District Athletic Boards are empowered by the OHSAA Constitution to organize and conduct the boys and girls golf tournaments at the Sectional and District levels. They are conducted according to the tournament regulations adopted by the Board of Directors. Representation to the State tournament (the number of State ‘qualifiers’) from each district is determined by a formula based upon the number of teams participating in the previous enrollment cycle’s tournament.

The complete tournament regulations that were adopted by the Board of Directors are able to be read in their entirety by logging on to www.ohsaa.org and navigating to the golf webpage under the “Sports and Tournaments” dropdown menu. You are encouraged to print and read these tournament regulations. Each District Athletic Board formulates its own instructions based on these approved regulations and will provide these and *cover them* with you at their Tournament Manager Meeting.

With a few exceptions, most schools in the counties listed below are assigned sites from the respective District Athletic Boards. The Athletic Districts are indicated on the map below that ultimately feed into the State tournaments. You are encouraged to visit their websites for additional information.

Coaching Rule

OHSAA golf regulation addresses coaching:

The coaching regulation permits one school board-approved coach/designee assigned to the event to speak with his/her player(s), without delay of play at any time. During the player's stipulated round, coaches are not permitted to physically stand on any green or in any sand bunker. The player must stand outside the bunker should he/she wish to converse with his/her coach at that time. Participants will be assessed the

general penalty if any other individual assists the participant by coaching and giving advice which could influence a player in determining play, the choice of a club or method of making a stroke (Rule 10.2).

Note: A team member is not a partner and may not give advice to or receive advice from another member.

This regulation should be applied with the following procedures:

1. During the player's stipulated round, coaches are not permitted to physically stand on any green or in any bunker. The player must walk off the green or stand outside the bunker should he/she wish to converse with his/her coach at these particular times.
2. If a group should "**lose their position**" the group must be playing at a pace slower than 15 minutes per hole. To fall behind the group in front does not always mean a group is playing slow.
3. If the group fails to regain their position on the course within a reasonable time established by officials then the group should be notified that they are "going on the clock". At that point, any player who does not complete his/her turn to play in the allowed forty-five seconds is assessed a two stroke penalty. A second violation is another two stroke penalty, and a third violation results in a disqualification.

ie. "45 second rule" – once a player reaches their ball, and their turn has arrived to play, they must complete their shot within the 45 seconds allowed.

Penalties for violation of the coaching regulation:

1. A warning is issued.
2. Player is assessed a two-stroke penalty and the coach loses his/her coaching privilege.
3. Coach is disqualified/ejected.

Note: Following a coach ejection, if there is not a person authorized by the Board of Education present at the contest, forfeiture would result (Bylaw 3-3-1- school representative must accompany team).

*** In addition to the penalties listed above, a coach who violates the coaching rule may face additional disciplinary action.**

Use of Distance-Measuring Devices by Golfers and Coaches

A player and their school coach may obtain distance information by use of a distance-measuring device. If during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his or her play (e.g., elevation changes, wind speed, etc.), the player is in breach of Rule 4-3. This rule will allow the coach/designee authorized by the Board of Education present at the contest and his/her players to use a range finder during the event. This device should not violate any OHSAA or USGA rules since yardage information is not considered advice and is permitted during an event.

This rule will allow one coach/designee authorized by the Board of Education present at the contest and his/her players to use a range finder during the event. Yardage information is not considered advice and is permitted during an event.

Penalty shall be: Player – 1st offense – two (2) strokes
2nd offense – disqualification

Electronic Communication Devices

The use of any electronic communication devices for purposes other than those described in OHSAA Golf Regulation 1.12 (Cell Phone Policy) shall be prohibited on the course during any competition. All phones including those used by spectators shall remain on silent.

Penalty shall be: Player – 1st offense – two (2) strokes
2nd offense – disqualification

Coaches are permitted to use cell phones on the course. All phones, including those used by coaches and spectators, shall remain on silent. Should a call need to be made, coaches and spectators should remove themselves to an area without disturbing the golf competition.

In no way do we suggest that electronic communication restrictions should prevent use of such devices during an emergency.

It is our sincere hope to improve the quality of all golf matches. We believe that enforcement of this rule will provide all student-athletes with the opportunity to compete on a level playing field.

OHSAA Golf Tournament Admission

The cost of admission for spectators is \$8 for both sectional and district tournaments. Children under the age of five are provided complimentary admission.

Participating Schools: Each participating school will receive complimentary admission for 3 school administrators, digitally, through HomeTown Ticketing. One digital code will be provided to each school. Each code will have 3 tickets attached to the code. The same code will be utilized, as a school advances in the tournament.

Passes – Pass Lists

No passes will be permitted to be shown for entrance. Anyone entering the tournament will need an electronic ticket. More information on this process will be communicated to each District Athletic Board.

Financial Reporting

The financial procedures for conducting Sectional/District Tournaments have been revamped recently and no longer permit the use of individual checking accounts for conducting the financial matters of OHSAA Tournaments. All instructions for these procedures will be outlined by District Athletic Board Treasurers (listed below) at the respective District Athletic Board Managers' Meetings. Essentially, all tournament finances will now be maintained by the school system or site.

Any questions surrounding these new procedures can be directed to the respective District Athletic Board Treasurers listed below or to OHSAA Finance, at finance@ohsaa.org

Lightning & Inclement Weather Procedures

These guidelines provide a default policy to those responsible or sharing duties for making decisions concerning the suspension and restarting of practices and contests based on the presence of lightning or thunder. The preferred sources from which to request such a policy for your facility would include the nearest office of the National Weather Service.

Proactive Planning

1. Assign staff to monitor local weather conditions before and during practices and contests.
2. Develop an evacuation plan, including identification of appropriate nearby safer areas, and determine the amount of time needed to get everyone to the designated safer area:
 - a) A designated safer place is a substantial building with plumbing and wiring where people live or work, such as a school, gymnasium or library. An alternate safer place from the threat of lightning is a fully enclosed (not convertible or soft top) metal car or school bus.
3. Develop criteria for suspension and resumption of play:
 - a) When thunder is heard or lightning is seen*, the leading edge of the thunderstorm is close enough to strike your location with lightning. Suspend play for at least 30 minutes and vacate the outdoor activity to the previously designated safer location immediately.
 - b) 30-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or lightning is witnessed* prior to resuming play.
 - c) Any subsequent thunder or lightning* after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
 - d) When lightning-detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location. However, you should never depend on the reliability of these devices and, thus, hearing thunder or seeing lightning* should always take precedence over information from a mobile app or lightning-detection device.

*At night, under certain atmospheric conditions, lightning flashes may be seen from distant storms. In these cases, it may be safe to continue an event. If no thunder can be heard and the flashes are low on the horizon, the storm may not

pose a threat. Independently verified lightning detection information would help eliminate any uncertainty.

4. Review the lightning safety policy annually with all administrators, coaches and game personnel and train all personnel.
5. Inform student-athletes and their parents of the lightning policy at the start of the season.

Communicable Disease Policies & Procedures

While risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as other bodily fluids. Procedures for reducing the potential for transmission of these infectious agents should include, but not be limited to, the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform, it must be changed before the athlete may participate.
2. Routine use of gloves or other precautions to prevent skin and mucous-membrane exposure when contact with blood and other body fluids is anticipated.
3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.
5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.
6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.
7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
8. Contaminated towels should be properly disposed of/disinfected.
9. Follow acceptable guidelines in the immediate control of bleeding and when handling dressings, mouthguards and other articles containing body fluids.

Additional information is available from the OHSAA and the National Federation of High Schools.
