Senior Director of Finance Laura Vermilya provided the unaudited financial report through July 31, 2025, which is the end of the OHSAA's 2024-25 fiscal year. She said the Association ended the fiscal year with over \$6.6 million of operating cash and has over \$17.2 million in total cash when including investments and board-designated funds. That amount can cover 8.6 months of expenses. Ms. Vermilya said that, while overall attendance for 2024-25 decreased, the OHSAA still had over \$360,000 in profits, expenses were three percent better than what was budgeted and the Association's investments earned over \$800,000. Motion by Mark Rose second by John Carter to **approve** the financial report as presented.

Motion passed 9-0.

B. Recommendation to Approve 2025-26 Tournament Ticket Prices for Spectators

The Board was provided with a draft of proposed ticket prices for spectators for the 2025-26 school year for OHSAA tournaments, and Senior Director of Finance Laura Vermilya said the Executive Director's Office recommended that the prices be approved. Student prices would be \$5.00 for sectional, district and regional tournaments and \$10.00 for state tournaments, while adult prices would increase slightly to \$10.00 for sectional and district tournaments, \$12.00 for regional tournaments and \$16.00 for state tournaments, where some sites will have additional ticketing and parking charges.

Ms. Vermilya said the OHSAA will also offer a new flex pass, where, for a discounted price of \$85, spectators will be granted 10 admissions that will be valid at any OHSAA tournament event except state tournaments and any swimming event. The pass can be used for early rounds, districts and regionals and will be good for the entire year, expiring in mid-June. If a spectator is using the Hometown Fan app, they can display the pass and see how many punches they have left. The flex passes will be available for purchase on-line only between September 15 and October 27; February 9 and March 7 and May 4 and May 30.

Motion by John Carter, second by Ray Hibbs to **approve** the recommendation as presented.

Motion passed 9-0.

While student ticket prices will not change, it was noted that the increase in adult ticket prices is the first for the OHSAA in five years. It was also noted that by increasing the adult ticket prices, it is hopeful the Association can provide the same team travel reimbursements for regional and state tournaments that were issued for the 2024-25 school year.

IV. INFORMATION ITEMS

A. Review of OIAAA Summer Institute

Board ex-officio Glen Gillespie, executive director of the Ohio Interscholastic Athletic Administrators Association (OIAAA), said the OIAAA hosted professional development classes for athletic administrators at the OHSAA Office in Columbus in mid-June, with 39 taking classes, which accounted for 99 class seats. Four athletic administrators earned their CAA (Certified Athletic Administrator), a national board certification that recognizes experienced athletic administrators who have met specific professional and educational standards. Mr. Gillespie also noted that the OIAAA membership has reached 803. He thanked the OHSAA for allowing the OIAAA to use its office space for the classes.

B. Review of OHSAA Administrator Workshops

Associate Executive Director Kristin Ronai said the Executive Director's Office conducted two in-person and one virtual administrators workshops earlier this month. She said they were well attended and feedback was positive. The workshops are intended for new school administrators and those interested in brushing up on key OHSAA bylaws and regulations along with hearing various updates and reminders. Ms. Ronai thanked her staff for their assistance and the rest of the OHSAA staff who were available to welcome the attendees.

C. Review and Reminder of OHSAA Regional Update Meetings

Executive Director Doug Ute said his office has conducted two of the six scheduled Regional Update Meetings this fall. The meetings in Westerville and Waverly have been completed, with upcoming meetings scheduled for Streetsboro (Sept. 2), Findlay (Sept. 9), Cincinnati (Sept. 11) and Cambridge (Sept. 15). The meetings allow the OHSAA to provide updates and reminders on key issues, with presentations by Executive Director Doug Ute (general updates); Associate Executive Director Kristin Ronai (eligibility and legislative issues), and general counsels Joe Fraley and Josh Fraley (legal issues).

D. Update on Appeals, Legislative Issues and Legal Cases

Staff member Lizzy Wilson provided the Board with a list of schools that have recently violated OHSAA bylaws or sports regulations. **Wauseon High School** violated General Sports Regulation 7.3.1, 50 Percent Limitation, when more than six boys' soccer student-athletes participated on the same non-interscholastic team. In accordance with Bylaw 11, Penalties, the number of summer contact days has been reduced from 18 to 10. **Clermont Northeastern Middle School** had a student-athlete violate Bylaw 4-3-4 and Bylaw 4-3-5 when he participated on the 7th-8th grade boys golf team as a sixth grader for one semester during the 2023-24 school year. In accordance with Bylaw 11, Penalties; Bylaw 4-3-4 and 4-3-5, Semesters, and Bylaw 3-3-1, Administrative Responsibility, the student shall be ineligible to participate in 7th-8th grade athletics during the second semester of 2025-26 school year, and the school was fined \$250. **Toledo Whitmer High School** had a student-athlete in girls soccer violate Bylaw 4-4-1, Scholarship, when she participated in a scrimmage after failing to pass five one-credit courses, or the equivalent, in the immediately preceding grading period. In accordance with Bylaw 10-2-1, Forfeitures, the school was required to forfeit any regular season contests in which the ineligible student-athlete participated. **Cincinnati Hills Christian Academy** had

a student-athlete who was eligible to qualify for a one-time waiver, under Soccer Regulation 6.2.2, participation in an identification camp, after the student-athlete participated in an interscholastic competition. However, the school failed to submit the waiver to the Executive Director's Office prior to her participation in the camp. The Executive Director's Office restored the student-athlete's eligibility retroactively and prospectively, but, in accordance with Bylaw 4-1-1, Administrative Error, Cincinnati Hills Christian Academy was fined \$100. **Lakewood St. Edward High School** violated General Sport Regulation 11.2, Mandatory No-Contact Period, when four ice hockey student-athletes worked at the school's youth ice hockey camp during the no-contact period in August. In accordance with Bylaw 11, Penalties, the start date of ice hockey coaching, tryouts and instruction was pushed back by one day for the school's ice hockey program.

Staff member Alexis Holderman provided the Board with an update on appeals. She said the OHSAA Appeals Panel has made 11 rulings on 11 appeals held during two hearings this school year, and three appeals were either granted or the penalties modified. Nine of the rulings dealt with the transfer bylaw. Associate Executive Director Kristin Ronai also provided the Board with an update on current legislative issues. In addition, Legal Counsel Joe Fraley provided the Board with an update on current OHSAA legal cases.

Most updates reflect date changes or modifications made for clarity purposes. In **soccer**, pep bands and mascots will be permitted during all levels of the tournament. The state tournament will return to Historic Crew Stadium in Columbus from Nov. 7 through 10. In **girls tennis**, the state tournament Oct. 16 and 17 will return to the Lindner Family Tennis Center in Mason for the first time since the fall of 2022. B. Recommendation to Approve Tournament Division Dividing Lines in the Spring Sports of Baseball, Softball, Boys Track & Field and Girls Track & Field

The Board was provided with 2026 tournament division dividing lines for the spring Competitive Balance sports of baseball and softball and the 2026 tournament division dividing lines for the spring sports of boys track & field and girls track & field. Staff member Ronald Sayers reviewed the changes.

Even though this is the second year of a two-year cycle for boys and girls track & field, new division dividing lines were generated since the sport will be increasing to five tournament divisions in the spring (from three). While the division dividing lines will not change, modifications to school assignments could occur in baseball or softball should a school(s) decide to move to Division I. Modifications to school assignments could occur in track & field should schools prefer both genders be in the same division (but must choose the gender that is in the higher division). Once the school requests are completed by the deadlines, the Board of Directors will take action again on final school tournament division assignments and representation.

It should be noted that tournament divisions and representation are always based on the schools that competed in the tournament the previous year, and the data includes their OHSAA Board of Directors-approved tournament enrollment from the most recent cycle of the EMIS count (October 2023). The list of schools posted on the OHSAA website are those schools that competed in last year's tournament and are used to determine the tournament divisions.

C. Recommendation to Approve 2025-26 Membership List

Staff member Alexis Holderman provided the Board with the list of schools that have returned the required form to renew their membership with the OHSAA for the 2025-26 school year and said the Executive Director's Office recommended that these schools be approved. A total of 815 high schools and 741 7th-8th grade schools have submitted the form. New schools previously approved by the Board of Directors for membership as high schools were Toledo Horizon Science Academy and Westerville Genoa Christian Academy, while Hartville Lake Center Christian School was approved as a 7th-8th grade school. High schools that have left the membership are Beallsville (closed, so students will attend one of the other two schools in the district, Hannibal River or Woodsfield Monroe Central); Cincinnati Riverview East (closed); Bellaire St. John Central (closed), and Cleveland Campus International (withdrew).

The form schools return (OHSAA Board Resolution Card) affirms that the board of education or similar governing board of each member school has adopted a resolution authorizing continued membership with the OHSAA and, in doing so, agrees to conform with all OHSAA bylaws and regulations. The OHSAA Board Resolution Cards were to be returned to the Executive Director's Office by June 30.

F. Recommendation to Approve 2025 Fall Sports Regional and State Tournament Officiating Representation

Director Beau Rugg provided the Board with the 2025 representation for officials assignments for regional and state tournaments in the fall sports of football, soccer and girls volleyball, and he said the staff recommended that they be approved. Per the OHSAA Handbook, the representation is calculated on a proportional formula per district based on the number of Class 1 officials who had registered with the OHSAA by the middle of July. Mr. Rugg said assignments for winter and spring sports will be shared on a seasonal basis throughout the 2025-26 school year.

Board of Directors Minutes (8/28/25) — 5

G. Recommendation to Approve Modifications to District Athletic Board Handbook

Director John Kronour said that modifications have been made to the OHSAA's District Athletic Board Handbook, which had not been updated in a few years. Among the modifications were some hierarchy changes due to personnel changes within the Executive Director's Office and a change in the description of the annual All-Districts Boards Meeting that is held in June.
