OHSAA Board of Directors Approves Running Clock for Regular Season Basketball Games

With a running clock regulation (score differential) already in place during OHSAA basketball tournament contests, the OHSAA Board of Directors recently approved a recommendation that the running clock regulation also be extended to all levels of regular season contests. Any time a score differential reaches 35 points during the second half, a running clock will be utilized. After the 35-point differential has been met but the score drops below 30 points, the clock reverts to regular timing. Should a game reach the 35-point differential in the second half, the clock shall only be stopped for an injured player on the court, team timeouts or when there is an unusual delay deemed necessary by the contest officials.

Fall Tournament Ticketing Information

Highlights of ticketing information for OHSAA fall tournaments is as follows:

- **All tournaments will be using digital ticketing (HomeTown Ticketing) for entry. There will be NO cash accepted at the gate.**
 - We recommend that you promote the events in which your school is participating and/or hosting to assist in communicating with fans to purchase early!
 - For schools that have concerns regarding students being able to purchase without a credit card, we encourage you to have a sign-up sheet, collect their cash payments and then make a bulk purchase of tickets electronically to have ready for pick up from you on game day.
- There will be a presale (discounted) ticket available for the sectional though regional levels.
 - Presale tickets will go on sale five (5) days prior to the event taking place (when opponents are known; it may be a smaller window if opponents are not yet identified). *Please ask your fans to be patient and only reach out to inquire about events showing on the site if you are not seeing it posted within 48 hours of the start time.*

- There will also be a game-day ticket (\$2.00 more than a presale ticket) for the sectional through regional levels available three hours prior to the start of the event and until capacity has been reached or until the event has reached its halfway point. With this, tickets CAN be purchased at the gate, but they would simply have to purchase digitally on their smart device.
- A reduced price ticket will be available for students ages 6 to 18 for state tournaments.
- **All ticketing will be available for purchase at www.ohsaa.org/tickets.**
- Fans can now purchase, manage and store tickets all in one place on the HomeTown Fan App (available for [iOS](#) and [Android](#)).
- Tickets can be shared with others (kids, parents, grandparents) via text and email.

For questions or to discuss other ideas to help assist your school's needs, contact OHSAA Director of External Affairs Jacki Windon at jwindon@ohsaa.org. For more ticketing details, go to: <https://www.ohsaa.org/fanguide/tickets>.

Ohio Department of Health Recommends Alternative Quarantining Option for Students in “Mask to Stay/Test to Play” Program

The Ohio Department of Health is recommending a new program for K-12 students exposed to COVID-19 that would allow them to continue to go to school and participate in extracurricular activities rather than quarantine in a program called “Mask to Stay/Test to Play.” The alternative to quarantining for students exposed to COVID-19 and desiring to remain in the classroom requires masking, while masking and testing are required as an alternative to quarantining for students exposed to COVID-19 and desiring to remain participating in extracurricular activities. For complete details on the “Mask to Stay/Test to Play Option” for K-12 students, go to: <https://coronavirus.ohio.gov/static/responsible/schools/k-12-schools-quarantine-alternative.pdf>.

Please take time to read this memo as your teams continue tournament play. The memo can be accessed here: <https://ohsaaweb.blob.core.windows.net/files/Sports/2021OHSAAFallTournamentUpdate.pdf>.

Modifications Made to Transfer Bylaws Per Constitution Article 6-1-9

With the ongoing COVID-19 pandemic and the concern about students changing schools for pandemic-related reasons, the OHSAA Executive Director’s Office has elected to utilize Constitution Article 6-1-9 to waive the strict compliance with some OHSAA Transfer Bylaws. Among the modifications include: 1.) Bylaw 4-7-2, Transfers (sub-varsity transfers); 2.) Bylaw 4-7-2, Transfers (students who transfer but keep playing for the same school from which they transferred in accordance with state law), and 3.) Bylaw 4-7-2, Transfers (students who transfer but come back to the same school without playing for any other school). For complete details on these modifications, please go to: <https://ohsaaweb.blob.core.windows.net/files/Eligibility/OtherEligibilityDocs/6-1-9Modifications.pdf>.

In addition, the OHSAA has used Constitution Article 6-1-9 to waive Constitution Articles 3-3-4 and 3-3-5, Continuing Membership, as it relates to sponsoring two sports per sports season, the requirement to participate in 50 percent of the maximum allowable regular season contests in a team sport and, at the high school level, participate in the OHSAA sponsored tournament for each of those sports. For more information, contact Manager of Compliance and Membership Services Ronald Sayers at rsayers@ohsaa.org.

Competitive Balance Roster Data Entry Period Opens for Fall Sports

Administrators are reminded that the window to enter Competitive Balance roster data for the fall sports of football, soccer and volleyball has opened. Athletic administrators, or their designees, must submit their roster data within the ArbiterGame system

(under the 'Eligibility' tab). The deadline to submit fall sports roster data is **Friday, December 17, 2021**. **ALL** schools that compete in a varsity contest in those sports must submit their roster data by that date. All other fall sports are **not** part of Competitive Balance. For questions, contact Kristin Ronai (kronai@ohsaa.org) or Ronald Sayers (rsayers@ohsaa.org) of our compliance staff..

Administrators Asked to Work with EMIS Coordinators on Ensure Data Accuracy

With October 2021 being the month that the Ohio Department of Education (ODE) obtains a snapshot of enrollment data (EMIS) from OHSAA member schools for use to determine school placement within tournament divisions for both the 2022-23 and 2023-24 school years*, the OHSAA is asking school administrators to work closely with their EMIS coordinators to ensure data reported to ODE is both accurate and complete. The accuracy and completeness of the data you submit will not only assist in the precision of state dollars that are returned to your school but also will save you time this winter during the review/appeal process when the EMIS numbers are sent to you for verification for OHSAA tournament use.

As a reminder, counts of students provided by ODE do not represent *eligible* students but rather enrollment at a school district using one of the EMIS status codes that are identified in the OHSAA Enrollment Business Rules that are found here:

<https://www.ohsaa.org/Portals/0/SchoolResources/EnrollmentBusinessRules.pdf>. There is no correlation between the data of enrollment and those students eligible to participate in athletic competition at a member school. Administrators are also reminded that the information presented by ODE to the OHSAA is for this limited purpose. ODE is not required by law to provide this data but rather does so as a courtesy.

*Denotes that the data is also used in determining school classification for governance purposes.

Bylaw 4-4 (Scholarship) Important Reminders

While all student-athletes were eligible, with respect to their OHSAA scholarship eligibility, for the first grading period of the 2021-22 school year (unless your school chose to enforce your own scholarship standard or unless the student-athlete failed to meet your self-established minimum GPA standard), fall and winter athletes need to be certain they are scheduled for at least five (5) credits at the high school level or four (4) classes at the 7th-8th grade level during the first grading period. **If an athlete does not pass the five-credit/four-class standard in the first grading period this fall, then he/she will become ineligible at the start of the fifth school day of the second grading period.** For schools on quarters, this likely will fall toward the end of your fall season, rendering these athletes ineligible for the rest of the season. **Check your student-athlete schedules and work with your guidance counselor to ensure this does not happen!** For questions, please contact Kristin Ronai (kronai@ohsaa.org) or Ronald Sayers (rsayers@ohsaa.org) of our compliance staff.
