General Procedures	<p>This meet is a timed finals event. Three, 10 swimmer heats of each individual swimming event will be contested (and 30th place ties). Two, 10 team heats of each relay event will be contested. All swimming events will be contested in the south 25-yard competition pool.</p> <p>Event Order – All events will be contested in chronological order.</p> <p>Starting Blocks – Starting blocks are equipped with track-style kick plates and backstroke ledges. Kick plate use is permitted; however, backstroke ledges are NOT permitted to be used during high school competition.</p> <p>Personal Responsibility – There will NOT be a “bullpen”. It is each swimmer’s responsibility to be on the block for his/her event when the event is ready to go.</p> <p>Missing an Event – <u>IF AN ATHLETE MISSES AN EVENT, THE ATHLETE IS AUTOMATICALLY DISQUALIFIED FROM FURTHER COMPETITION, INCLUDING RELAYS. THE ATHLETE WILL NOT BE PLACED IN ANOTHER HEAT.</u> Athletes who miss an event will not be retroactively disqualified from the events in which they have already competed.</p> <p>Declared False Starts – Coaches may make “declared false start” requests before</p>		

the meet begins during the designated portion of the coaches' meeting. Athletes for whom declared false starts are properly requested and recorded with the referee will not be penalized for future events.

Team Seating – Teams will be seated in the upper spectator seating area on the west side of the pool and also on the pool deck in bleachers. Team seating will be assigned.

Coaches – Coaches are permitted to watch races on the pool deck in designated areas, behind the officials' line.

Deck Flow – Teams seated in bleachers on the deck must remain in their team area unless they are in the continuous warm-up or competing. All swimmers, including members of relay teams, must stay behind the timers before and after they swim. Athletes may not interfere with the officials' ability to oversee races or the timers' ability to register and record times.

500 Lap Counters & Bulkhead – Each swimmer participating in the 500 free may have only one person on the bulkhead to serve as lap counter for their race. There shall be no additional athletes on the bulkhead during the 500-yard swim or for any other event.

Relay Cards – To improve administrative efficiency at the head table this year each team will receive a copy of their sectional relay entries (as it appears in our database) with their deck pass packet. Relay cards should be submitted to the head table even if no changes have been made. It is important to list all swimmer names for each relay (up to 8 names). Cards may be updated until the start of the event.

Timing System & Touchpads – The finish of each heat will be recorded electronically if the swimmer hits the touch pad as hard as possible. The backup system will be two semi-automatic push buttons and two manual stopwatches.

Scoreboard Times – All scoreboard times are unofficial.

Posting of Meet Results – Paper results will NOT be posted for spectators. Unofficial meet results will be available on Meet Mobile. Paper results will be posted on the deck level for coaches.

Meet Mobile – The meet will be published on Meet Mobile barring any technical issues. Meet mobile times are not official until after awards have been presented and the times have been announced as official.

Automatic Qualifiers – The top two finishers in each swimming event will automatically advance to the State Meet Prelims.

Ties & Swim-offs – A swim-off is required for any event in which a tie for second place is recorded. Swim-offs due to ties for third place and beyond may be necessary (in previous years swim-offs for ties have been deemed necessary as deep as 10th place). In such instances, all resources will be used to determine if a swim-off should be held. To reduce the chance of weekend issues in the determination of state meet qualifiers, we will err on the side of caution and if in doubt hold a swim-off.

Swim-offs will be scheduled by the referee and will be held no earlier than 25

	<p>minutes prior to the last event in which a swimmer is scheduled to compete.</p> <p>Note: Need for swim-offs in no way affects any awards to be presented to athletes – swim-offs serve only to determine possible advancement to the state meet.</p> <p>Official Meet Results – Meet results will be sent to Canton immediately following the completion of competition of both days of competition.</p> <p>Canton will announce meet qualifiers as soon as possible and after they have each District Tournament Director review the results. Typically, these results will be available early Sunday afternoon.</p> <p>Only results on the OHSAA website are official.</p>
<p>Warm-Ups</p>	<p>Continuous swimming warm-up/cool-down space will be available in the north half of the Competition Pool (side nearest the scoreboard). Swimming equipment is not permitted. Assigned sprint lanes will be posted. The diving well will not be open, and swimmers should not enter this area.</p>
<p>Scoring & Awards</p>	<p>Scoring will be as follows: Relays 40, 34, 32, 30, 28, 26, 24, 22, 18, 14, 12, 10, 8, 6, 4, 2 Individuals 20, 17, 16, 15, 14, 13, 12, 11, 9, 7, 6, 5, 4, 3, 2, 1</p> <p>Awards Presentation – There will be no individual/relay awards presentation this year. Awards will be available for pickup in the wet classroom at the end of the meet.</p>
<p>Deck & Pool Access</p>	<p>Only Board of Education approved coaches from competing teams are permitted in the facility. All adults, except staff should have a wristband that they will receive at check-in. If you see anyone that you believe is not Board approved, notify the meet director immediately.</p> <p>Coaches and competing athletes will be permitted into the competition with a participant pass.</p> <p>Passes for coaches and athletes may be picked up by the head coach in the main lobby of the aquatic pavilion.</p> <p>Each day is defined as a separate session and the admission fee will be charged to all individuals that wish to enter the facility that are not competing in that specific swimming session.</p> <p>Please instruct all team members that they will not be permitted into the competition area until a designated coach distributes the contestant passes. Athletes are expected to enter the facility via the southeast door nearest the parking garage.</p> <p><u>Deck Pass Counts</u> The quantity of swimmer deck passes that each team will be provided is determined according to this formula: # of swimmers entered in individual events plus # of swimmers listed as relay only swimmers from entries at the sectional meet minus # of swimmers who do not have an individual event and are listed in</p>

	<p>alternate position 5, 6, 7, or 8 from the sectional meet relay card as recorded in the sectional meet database.</p> <p>As listed in the formula above, relay only swimmers will be counted in each teams' swimmer count only if they are listed in position 1, 2, 3, or 4 on the relay entry from the sectional meet. Sectional meet hosts should ensure that all athletes listed on a relay card are entered into the relay in the Meet Manager software.</p> <p>Other team members <u>including alternates</u>, and those in supporting roles such as statisticians, cheerleaders, bus drivers, etc. must pay the advanced spectator fee of \$10.00 per session through OHSAA. Of these, only alternate athletes who are expected to compete in the session will be permitted access to the deck. The alternate advanced spectator fee should be paid through OHSAA. All others will pay the spectator fee in advance through OHSAA Deck access will be tightly controlled, and alternate swimmer deck access is subject to the approval of the meet director.</p> <p>No team or individual will be allowed to warm-up or compete in the boys' or girls' swimming or diving competition unless the coach or representative authorized by the team's Board of Education is always present during the meet. Teams or individuals unaccompanied by such representatives will be disqualified from all competition.</p>
