MIKE MCGEE**

May 16 and May 17:
 7:30am-8:30am Player/Coach Registration, 8:50am Players Report ready to play, 9:00am Play begins

RULES & REGULATIONS

PLAYER(S) / COACHES REGISTRATION

All players and coaches must report to the Registration Table PRIOR to warming up on the courts

The success of any tournament depends on the coaches. The team is your responsibility and exhibits the manners and sportsmanship you have instilled in them to represent your school. The coaches, by enforcing the high standards of conduct and sportsmanship, eliminate any possibility of default. This tournament is too important to each athlete to have any match jeopardized because he or she did not know the rules. Please share the following information with your players prior to the start of the district tournament:

- 1. Only proper tennis apparel is to be worn. See OHSAA rules on attire.*
- 2. Profanity, poor conduct or sportsmanship unbecoming of a student athlete will not be tolerated. The OHSAA point penalty system will be enforced. (Please see the following page for that system.)*
- 3. Continuous coaching is permitted by board approved coaches only.*
- 4. There is a ten-minute to 15-minute warm-up (for first round match only) for both singles and doubles- this includes serves.*
- 5. There is a 45-minute minimum between matches. Ten minutes late results in a default. The decision to default a match will be at the tournament manager/or site manger's discretion. PLEASE do not put us in that position. BE ON TIME. Please observe this rule carefully. Players should NOT leave the site.*
- 6. Players are to report scores and return balls to the site manager immediately after their match.*
- 7. Three balls will be used for the match.*
- 8. All matches will be the best of three tie break sets.*
- 9. No foot faults. Site managers will periodically roam the area and call foot faults if seen.*
- 10. Cramps are considered an injury and follow the injury rules – 15 minutes (5 minute treatment)*
- 11. OHSAA smoking regulations are in effect.*
- 12. All participants are to keep their wearing apparel on in and around the court area.*
- 13. OHSAA regulations on blood, body fluids, etc. will be strictly adhered to. An athlete will be denied participation until said fluids are stopped. The uniform must be properly cared for.*
- 14. Please see the ticketing information found also on the nedab.org website.*

The draw was conducted in February by the District Board in accordance with the procedures set forth by the Ohio High School Athletic Association (OHSAA). Our District will send for DI - (6) Singles and (6) Doubles and for DII - (5) Singles and (5) Doubles to the State Tournament.
