

Para Athlete Information
Northeast District
2023

In 2023 Para Athletes have several post-season competitive opportunities in the Northeast District. A para athlete may compete in Districts only, in States only, or in both Districts and States. Regardless of the choice of competition, the athlete/family/coach must complete two different forms, the Para Athlete Verification Form and the Tournament Entry Form. Both documents have entry deadlines of February 5 at 5:00 PM.

Note the signatures which must be acquired to complete the verification form which also must be filed with the athlete's school and administration and OHSAA. Due date is February 5 at 5:00 PM.

The tournament entry form must be completed properly in order to assure that the swimmer is entered in the desired meets. Entry times are expected if available. If not, the swimmer may be entered at NT.

Both required forms can be found at OHSAA.org or NEDAB.org
