

Coach/Athlete Facility Entry Instructions

Swimming

- Swimmers must be in line with coaches (i.e. no 'saving' spots in line).
- Teams will be admitted into the facility by BGSU Security.
- Swimmers and coaches will be counted, hand-stamped and then sent through the door at the appropriate time. There is a plan for entry due to inclement weather. Will advise if necessary.

Coach Passes:

Coach allotment per school will be based on the initial number of swimming qualifiers:

1-5 qualifiers = 1 coach pass

6-11 qualifiers = 2 coach passes

12-17 qualifiers = 3 coach passes

18+qualifiers = 4 coach passes (this is the max number of coach passes a school can be allotted)

There are no alternate passes for the 2020 District Swimming meet

(A HEAD Coach may contact Carolyn Strunk nwdistrictmanager@gmail.com after the district qualifiers are posted. Situations will be reviewed on a case by case basis).

**Changing your relay will not add additional spectator passes. These will need to be purchased when/if General Admission tickets become available.

- Coaches/Teams may not bring chairs or other large extended stay objects or equipment in the SRC.
- Coolers are ONLY permitted to be brought in at the athlete/coach entrance
- Coolers must be left in the hospitality room and clearly marked with a school name.
- No lounge chairs are permitted to be brought onto Cooper Pool deck. They will be required to be put in the hospitality room.
- **Rubdowns are not permitted on the pool deck.** All tables and oil used must stay within the designated area: The hallway past the freight elevator on the pool deck level.
- Team masseuse, must purchase a spectator pass and the Head Coach will be given a badge for the masseuse to get downstairs when the team is checked in. Masseuse will not receive a hand stamp – they will NOT have deck access.
- Meet Manager must receive a masseuse request via email (nwdistrictmanager@gmail.com) by Wednesday 8:00pm prior to the first day of swimming competition. No requests will be honored after the deadline.

**Coaches, please remember that this is to keep the deck space open for the benefit of the athletes. You are the first to complain about the deck being crowded!
Please keep that in mind when you are setting up your relays!**
