Also below are three documents with the OHSAA protocol to handle one-day sectionals with 17 or more wrestlers.

- The **7th Match Addendum Consolation Semifinals.pdf** defines the policy to score by NFHS Rule, but use a criteria-based policy to determine placement on the district bracket or the alternate, if a wrestler cannot wrestle the **3rd or 5th Place** match due to the 6-Match per day limit.
- **The problem is if a rat-tail winner loses his/her second match and wins the next four, he or she cannot wrestle in the Consolation Semifinals due to the 6-match limit.**
- The odds of it happening are slim to none, but the protocol is needed to provide a viable solution if it did happen.
- **If any one of the four Consolation Semifinalists has already wrestled six times**, all four **Consolation Semi Finalists** must return the next day or Monday to finish the bracket!
- The **OHSAA 7th Match in Consolation Semifinals Protocol.pdf** and **OHSAA 7th Match in Consolation Semifinals Waiver.pdf** are the supporting documents if needed.
