HOME EDUCATED STUDENT

A student who is truly home educated in Ohio, and whose residential public school does not offer a sport(s) the student desires to play, may have a participation opportunity - not a guarantee - at a different public high school other than where the student's family lives. Such participation is subject to the mutual agreement between the superintendent of the school district in which the student lives and the superintendent of the school district in which the student is seeking to participate. This form has been developed to assist Superintendents with memorializing the agreement.

*****This form is simply to be used as a template and does not need to be submitted to the OHSAA*****
