DOUBLE FOULS

Q1: 4.19.8 (C): A1 drives for a try and jumps and releases the ball. Contact occurs between A1 and B1 after the release and before airborne shooter A1 returns one foot to the floor. One official rules a blocking foul on B1 and the other official rules a charging foul on A1. The try is **successful**.

- A. No basket. The contact by A1 should be recognized as the first contact and therefore resulting in a player control foul.
- B. Count the basket as the try was successful. A1 will shoot one free throw because of the blocking foul by B1.
- C. Count the basket. Both fouls are recorded resulting in a double foul. Play will resume at the point of interruption, which is a throw-in for Team B from anywhere along the end line.
