2020-21 Cross Country Recommendations

With the support from the NFHS Track and Field Rules Committee and the Ohio High School Athletic Association, the Recommendations outlined in this document are meant to decrease potential exposure to respiratory droplets by encouraging social distancing, limiting participation in administrative tasks to essential personnel and allowing for appropriate protective equipment.

Note: This is not an exhaustive list and there might be additional steps in each school, city, and state to help prevent the spread of virus. Even when taking all precautions, there will still be risk of transmitting illnesses. Everyone should stay vigilant about the health of members of their teams. Lastly, the situation with Covid-19 is rapidly changing. These Recommendations may quickly become outdated. Please keep up with the latest from the CDC and other health officials in your state.
