Welcome to the State Championships

From the Executive Director

On behalf of the Ohio High School Athletic Association, welcome to the 98th annual boys and 49th annual girls State Cross Country Championships. I extend these wishes on behalf of the OHSAA's Board of Directors, our staff and our member schools.

Over 350,000 young people in our state annually participate in interscholastic athletics. The state tournament is the pinnacle of each high school season, and the air is filled with excitement in anticipation of today's event.

Few things bring schools, communities and students together like high school activities and sports. This tournament event not only promises to help rekindle the spirit of citizenship and community, but it also will afford our students the lifelong memories of playing together to achieve successes later in life.

The Ohio High School Athletic Association is proud to host today's tournament event, and we're also proud to provide quality programs which help apply the lessons of life in an unequalled atmosphere. While we hope student-athletes are participating in interscholastic athletic programs because they're having fun, participation also promotes citizenship and sportsmanship; instills a sense of pride in community; teaches lifelong lessons of teamwork and self-discipline, and facilitates the physical and emotional development of our youth. In short, interscholastic athletic programs are vital to our youth because they provide lessons that are as important as those taught in the classroom, and they help prepare our sons and daughters for the next level of life.

As you watch the competition today, you as spectators can also contribute to the quality of this tournament event and the experience of our young people. By meeting the challenge of displaying sporting behavior in the stands, you are providing a sound example for the students in attendance and are also representing your schools and communities with pride and dignity. Indeed, such events should be both a playing experience and a learning experience for our high school students, so let's make sure that, whether we win or lose today, that our focus is to recognize and celebrate the commitment, dedication and determination of the young people competing.

The OHSAA wishes all teams and participants good luck, and we hope your experience at this tournament is positive. And as you watch today, please remember that everyone has the opportunity and responsibility to "Respect The Game!"

Spectators are asked to add to the quality of this tournament by displaying sportsmanship in the stands and showing respect for all participants and officials. You are representing your school and your communities, just like the student-athletes competing. Let's make sure that, win or lose, our focus is to recognize and celebrate the dedication and determination of the young people competing.

Sincerely,

Doug Ute

Doug Ute, Executive Director
Ohio High School Athletic Association

The goal of every cross country team in Ohio is to qualify as a team for the state championships. In August, 556 boys teams and 468 girls teams from OHSAA member schools began the season with the goal of competing today at Fortress Obetz and Memorial Park.

Fortress Obetz and Memorial Park Host OHSAA Cross Country Championships

50-acre multi-purpose complex in Obetz on southeast side of Columbus signs five-year agreement with OHSAA

In April 2020, the OHSAA announced that the cross country state championships will move to Fortress Obetz and Memorial Park, a 50-acre multi-purpose sports complex located on the southeast side of Columbus.

Fortress Obetz opened in 2017 on the former site of the Columbus Motor Speedway and hosts sporting events, concerts, festivals and more. It was the home of the Ohio Machine professional lacrosse team from 2017-19. The facility has 6,500 seats in the grandstand, five video boards, concessions, restrooms and a huge parking lot.

The grandstand includes 1,100 flip-down seats, 2,000 bench-back seats and 3,400 bleacher seats.

"The Village of Obetz is extremely proud and excited to partner with the OHSAA," said Steve Adams, National Director of Athletic Operations and Facilities Promotion. "We feel our Memorial Park and the Fortress is perfectly suited for the OHSAA Cross Country State Tournament. We have created a safe and challenging course for the runners and kept the spectator experience in mind as well."

Cross Country Expands to Four Divisions

OHSAA Adds Divisions in Track and Field and Cross Country

January 16, 2025

During its January meeting, the Ohio High School Athletic Association Board of Directors voted unanimously to expand postseason tournament divisions in track and field and cross country. Track and field will add two divisions, expanding from three divisions to five, while cross country will add one division, expanding from three divisions to four.

The expansion will take effect beginning with the 2025-26 school year. As part of the expansion, Division I will have a smaller number of teams than the other divisions. The number of schools in the other divisions will be divided as equally as possible. In the current three-division format for both sports, the number of schools in each division is divided as equally as possible.

The expansion for track and field and cross country follows the OHSAA's recent expansion in several team sports, including basketball, baseball, soccer, softball and girls volleyball. Over the last several years, the Ohio Association of Track and Cross Country Coaches has made several proposals for expansion.

"We have been studying expansion in track and field and cross country for quite some time, just like how we studied expanding divisions in those team sports," said Doug Ute, OHSAA Executive Director. "Adding divisions and decreasing the size of Division I has already brought such a positive change for those team sports, and now we have worked through the process to do that in track and field and cross country. We appreciate the dialogue with the OATCCC leadership and their assistance and patience."

OHSAA Cross Country and Track Events

In addition to the high school state championships that you are watching today, there are two other OHSAA cross country events at Fortress Obetz and Memorial Park. In August, on the Saturday before the regular-season begins, the OHSAA Early Season Cross Country Invitational is held at this venue. The event is a great early season challenge and travel event for teams who have goals of reaching the same venue in November to run for a state title.

In addition, the OHSAA 7th and 8th Grade Cross Country Invitational is held here in mid-October. For many 7th and 8th graders, it is their first experience with an OHSAA postseason tournament, with the student-athletes getting to compete at the same venue where the high school runners compete.

In early June, the OHSAA track and field state tournament is always a huge event, but the 7th and 8th graders also have a track and field state meet. It is held in mid-May at Hilliard Darby High School and has been contested seven times. On Saturday, May 16, 2026, the eighth annual event will take place. Log on to the track and field and cross country pages at OHSAA. org for more information.

Photos will be available for purchase after the cross country state championships at www.OHSAA.org/Fan-Guide

OBETZ, Ohio – Fortress Obetz and Memorial Park hosted the 97th annual boys and 48th annual girls state cross country championship on Saturday, November 1. This year's state championships marked the first with four divisions, after the OHSAA had conducted a state tournament for three divisions in cross country from 1970 to 2024. Boys State Tournament Individual Champions

In the 1928 through 1930 state tournaments, the distance of the event was 2.5 miles. Beginning in 1931, the distance was two miles. This distance was competed through the 1976 season, when the distance was increased to 2.5 miles. In 1982, the official distance was increased to 5,000 meters (approximately 3.1 miles).

From 1960 through 1984, the individual qualifiers competed in a separate race than the team qualifiers in the state tournaments only. The listing that follows contains the official winners from each race. The winner of the individual race is listed with an "I" in front of his name, and the winner of the team race is listing with a "T" in front of his name.

Girls State Tournament Individual Champions

When girls competition began in cross country in 1978, the distance was 2.5 miles. In 1982, the official distance was increased to 5,000 meters (approximately 3.1 miles).

From 1981 through 1984, the individual qualifiers competed in a separate race than the team qualifiers in the state tournaments only. The listing that follows contains the official winners from each race. The winner of the individual race is listed with an "I" in front of her name, and the winner of the team race is listed with a "T" in front of her name.
