

2020 OHSAA Football Regional Alignments – Updated Sept. 23, 2020

Division I

- Schools with male enrollment of 604 or more
- Four regions: 16 schools in four regions
- Region Process:

The regions were redrawn based on the number of teams that requested to enter the 2020 OHSAA Football Tournament. In 2020, all teams are eligible for tournament play. Once we have the number of teams, we look at the “pins” representing each school in that division all over the state (see map below). We don’t keep counties together because the “clusters” of schools makes that impossible. As you can see from the map, schools can be pretty spread out.
