

## 2021 OHSAA Football Regional Alignments

### Division VI

- Schools with male enrollment of 122 to 162
- Four regions: 25 schools in one region, 26 schools in one region; 27 schools in two regions
- Region Process:

The regions were redrawn based on the number of teams that requested to enter the 2021 OHSAA Football Tournament. Once we have the number of teams, we look at the “pins” representing each school in that division all over the state (see map below). We don’t keep counties together because the “clusters” of schools makes that impossible. As you can see from the map, schools can be pretty spread out.
