

**SPRING SPORTS SEASON | SOFTBALL  
IDENTIFICATION CAMP WAIVER  
2020-21 EXCEPTION**

**Waiver Exceptions:** Due to the changes in the NCAA recruiting periods, a student-athlete may use this **one-time** waiver for the spring of 2021 to attend an identification camp AFTER the student-athlete has participated in an interscholastic scrimmage, preview or contest. The term 'identification camp' refers to an individual workout and/or individual camp being offered by a college or university and not any other type of team showcase or non-school competition or practice.

**NOTE:** All events must take place prior to the start of the 2021 postseason softball tournament.

*Upon returning from the identification camp, the student-athlete must follow his/her school policy regarding return to team play*
