Student crowd control at state sponsored tournaments is the responsibility of the administrative heads of the competing schools.

U. SPONSORSHIP AND RIGHTS

The Ohio High School Athletic Association is the sponsoring association for the Sectional, District, Regional and State Fast Pitch Softball Tournaments. The OHSAA reserves all rights in regard to the management of these tournaments and the sale of any items or any audio-visual reproductions. V. PROHIBITED ITEMS

There shall be no advertising through printed media, billboards, radio or television that includes beer, wine, liquor, tobacco, political parties or candidates or any other advertising contrary to the philosophy of the high school athletic program.

There also shall be no raffles or any type of games of chance permitted at the site of tournament contests during the duration of the tournament(s).

In addition, the sale of, the distribution of, or the consumption of alcoholic beverages or illegal drugs is not permitted at the site of any contest involving OHSAA member schools.

W. DRONES – UNMANNED AREAL VEHICLES

The use of drones is prohibited for any purpose by any persons at OHSAA tournament contests. Tournament managements shall remove anyone attempting to use a drone and/or confiscate the drone until the event has been completed.

Note: An exception to this policy may be made in specific cases for OHSAA broadcast partners, provided the management of the tournament facility permits the presence of drones for broadcast purposes under the control of the OHSAA.

X. LIGHTNING AND INCLEMENT WEATHER

This is an extremely important safety policy adopted by the National Federation. Though all officials received these procedures in pre-season communication, it is strongly recommended that tournament site managers review this policy with Administrators of competing schools, coaches AND Officials prior to games. The Lightning and Inclement Weather Policy is relative to ALL OHSAA Sports and is contained within the **OHSAA Sports Regulations**.

Recognition:

Coaches, athletic trainers, athletes, administrators and contest officials should be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:

Monitor Weather Patterns – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity.

National Weather Service – Weather can also be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance), event organizers should be at a heightened level of awareness to the potential danger of lightning.

Management:

Evacuation- If lightening is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.

Thirty-minute rule- Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice or competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. **Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.**

***NOTE:** At night, under certain atmospheric conditions, lightning flashes may be seen from distant storms. In these cases, it may be safe to continue an event. If no thunder can be heard and the flashes are low on the horizon, the storm may not pose a threat. Independently verified lightning detection information would help eliminate any uncertainty.

Y. CONCUSSION MANAGEMENT

Ohio law effective April 26, 2013, indicates that if a student is removed from practice or competition due to a suspected concussion or head injury, the coach or contest official who removes the student shall not permit the student, **ON THE SAME DAY THE STUDENT IS REMOVED**, to return to that practice or competition or to participate in any other practice or competition for which the coach or contest official is responsible. Thereafter, which means no earlier than the next day, the coach or contest official shall not permit the student to return to practice or competition until both of the following conditions are satisfied.

- 1) The student's condition is assessed by either of the following:
 - a. A physician, who is a person authorized under the Chapter 4731 of the Ohio Revised Code (ORC) to practice medicine and surgery or osteopathic medicine or surgery (MD or DO).
 - b. Any other licensed health care provider that the school district board of education or other governing authority of a chartered or non-chartered public school, authorizes to assess the student who has been removed from practice or competition.
- 2) The student received written authorization that it is safe for the student to return to practice or competition from a physician or other licensed health care provider authorized to grant the clearance.

A school district board of education or governing authority of a chartered or non-chartered nonpublic school may authorize a licensed health care provider who is **NOT** a **PHYSICIAN** to make an assessment and grant authorization for a student to return to participation **ONLY** if the provider is acting in accordance with one of the following as applicable to the provider's authority to practice in Ohio:

- 1) In consultation with a physician
- 2) Pursuant to the referral of a physician
- 3) In collaboration with a physician
- 4) Under the supervision of a physician

Note: A physician or other licensed health care provider who makes an assessment or grants clearance for a student to return to participation may be a volunteer.
