Tournament entry confirmation ends April 24, 2023, without penalty. **Schools that change or update their tournament participation after April 24, 2023, will be subject to a \$150 penalty.**

6. SUBSTITUTIONS

- a. Sectional Tournaments

Substitutions may be made in the Sectional Tournaments for singles players or players on the doubles teams from the substitute list prior to the start of competition. Once a player participates, that same player must continue through the sectional tournament. All participants must be listed on the entry form or substitute list.

Note: Substitutes shall not include players who were entered as a singles or doubles participant at the Sectional Tournament Seeding Meeting. Students entered as participants (not substitutes) at the Seed Meeting who do not participate may not subsequently be a 'substitute' at any level of the tournament. These student's names would not have appeared on the substitute list on the entry form.

b. District Tournaments and/or State Tournaments

Once a student participates at the District tournament, that same student must continue through the District Tournament. This same policy applies to participation at the State tournament.

No substitutes for singles permitted. A substitute for a player on a doubles team that has qualified for the next highest tournament is permitted prior to the first match of that respective tournament, but the substitute must be made from the list of substitutes that did not compete in the Sectional or District Tournaments. A singles player or doubles team that is not present at a tournament shall not advance.

7. FAILURE TO APPEAR

When national playing rules do not address failure to appear, the following regulations will apply.

- a. If a team or individual participant fails to appear or is not ready to compete at the time of their scheduled competition, the team or individual participant shall be disqualified and removed from the event or tournament competition.

All decisions relative to this regulation shall be made by a member of the respective district athletic board for sectional and district tennis tournaments or the OHSAA Executive Director's Office for the state tournament.

- B. The OHSAA, in collaboration with the administrative staff, District Athletic Boards and/or Board of Directors, and the tournament manager, may delay or reschedule a tournament contest/competition provided it is practical to delay or reschedule such contests/competitions.

8. SEEDING AND DRAWING FOR SECTIONAL TOURNAMENTS

a. Seeding

Coaches shall be notified when the draw is scheduled so they may be present to help with the seeding in the Sectional Tournaments. The common draw date has currently been established as April 30, 2023, by the Board of Directors. Each athletic district shall hold the tennis draw on the same date. The draw is to be held at 2:00 p.m. No exceptions.

b. Regulations

- i. Seeding is mandatory in Sectional Tournaments. No voted seeding is permitted for District or State Tournaments.
- ii. For seeding purposes the last matches to be counted will be those played on the date established by the District Board.
- iii. The number of singles/doubles to be seeded will be four.
- iv. Number one and two doubles, from the same team must be in opposite half brackets.
- v. The three singles players from the same school must be placed in different quarter brackets.
- vi. There will be one seeded player in each quarter bracket and number one and two seeds must be in opposite half brackets.
- vii. Byes shall be placed evenly throughout the brackets.

c. Tournament Seeding Procedure

i. Nomination of Seeds

- a. Each school coach shall have the records compiled for the singles players and double teams to be nominated for a seed and given to the tournament manager at the seed meeting. All regular season matches played shall be recorded. The records will include the number of wins and losses in the Divisions played, e.g. *22 team match schedule – Division I School.

12 wins – 2 losses – Division I

7 wins – 1 loss – Division II

*It is recognized that at the time of the draw/seed meeting school teams most likely will not have participated in 22 school matches.

- b. Coaches shall nominate singles players and doubles teams to be considered for seeds. Many factors may be considered when seeding students, not just actual records. The quality of competition as well as past OHSAA tournament performance may also be considered. Records of the nominated seeds shall be recorded for all to see.

2. Voting for Seeded – Singles and Doubles

- a. All coaches shall vote verbally selecting their choice for the #1 seed. The player(s) with the greatest number of votes shall be #1 seed.
- b. Once #1 seed has been determined, the coaches shall vote verbally selecting their choice for #2 seed and etc. until the required number of seeds is obtained.

- c. In case of a tie only the players tied will be revoted on.
 - d. If a tie should occur the second time, a flip of the coin shall determine the seeded player.
 - e. Once a seed has been determined, it may not be withdrawn.
 - f. The tournament manager or a designee shall record the seeds numerically for all to see.
3. Drawing for Unseeded #1 singles:
- a. The unseeded #1 player shall draw so that the alphabetical order of draw will go from **Z-A**.
 - b. The unseeded #1 player shall draw according to the name that the school goes by using the OHSAA Directory for the current year as a reference for alphabetical listing, e.g. Delphos St. John's – St. John's.
 - c. A representative of each school's unseeded #1 player must draw a numbered pill which indicates the order of choice for placement on the brackets.
 - d. The order of draw of unseeded #1 players shall be announced and made public before placement of players on the bracket.
4. Placement of #1 Players on Bracket:
- a. The placement of #1 players on the brackets shall take place after the selection of seeded players and the order of draw for unseeded players has been announced and made public.
 - b. One space must be left on each quarter or half bracket for a seeded player with no more than one seeded player per quarter or half bracket where a bracket calls for a seeded player.
 - c. First seed has first choice to go any place on bracket.
 - d. If #1 seed passes, #2 seed may go to any place on bracket.
 - e. If #2 seed passes, #3 has choice.
 - f. If a seeded player passes, the choice then goes to the next seeded player.
 - g. If all seeded players pass, then the unseeded #1 player with the No. 1 pill shall place itself on the bracket.
 - h. Any time a seeded or unseeded player is placed on the bracket, the top seeded player not placed on the bracket shall have next choice. If they pass, the next seeded player would have their choice to pass or be placed on bracket, etc.
 - i. Keep in mind that any time a seeded player places themselves on the bracket, the top seeded player not placed on the bracket shall have the next choice. If all pass or place themselves on the bracket, then the next unseeded #1 player in order of the number of pill shall be placed on the bracket.
 - j. This procedure would be followed until all first single players have been placed on the bracket.
5. After the first singles players have been placed, draw order for the second singles players is done in the same manner.
- Note: Number one and two singles players from the same team must be in different quarter brackets.
6. After the first and second single players have been placed, draw order for the third single is then done. Third single players must be in opposite quarter brackets from the first and second single players from the same team.
7. After third single players have been placed on bracket (draw completed), conduct draw for doubles teams. Following the same procedure as outlined for singles, begin with Item 2.
- Note: If a school fails to have a representative present at the draw and seeding meeting, the manager shall place the player(s) on the open bracket after all other players have been placed on the bracket. If more than one school fails to have a representative at the draw and seeding meeting, the manager shall place the players on the bracket according to the alphabetical order of draw for unseeded players after all others have been placed on the bracket.

9. TIME BETWEEN MATCHES

- A. There shall be a minimum of 30 minutes between matches in Sectional Tournaments and a minimum of 45 minutes between matches in District Tournaments for all competitors. In the state tournament, there shall be a minimum of one hour between matches, weather permitting. If inclement weather (e.g. precipitation) is probable during the state tournament, and participants are agreeable, there shall be a minimum of 45 minutes between matches for all competitors. If matches have been moved indoors, there shall be a minimum of 45 minutes at the state tournament for all qualifiers.

Note: These are minimum 'rest' requirements. There may be an instance when more rest is recommended or necessary, especially when playing in hot and/or humid conditions or when a participant has had an exceptionally long match preceding the match in question. Safety First.

- B. If it is anticipated that matches will be played in extreme heat and/or humidity, the tournament manager, in consultation with the respective District Athletic Board, may move tournament matches to an indoor facility. Matches may also be moved indoors because of other instances of inclement weather (e.g. precipitation).

Note: See Item #15 for rules regarding the ability for the tournament manager, in consultation with the district athletic board, to implement the playing of a super tiebreaker in lieu of a third set and/or the ability to implement "no ad" scoring.

13. TOURNAMENT QUALIFIERS

To enter the District Tournament, a singles player or the doubles team must first qualify from the Sectional Tournament. Substitutions may be made for players on the doubles team (but not singles participants) qualifying for the District and/or State Tournaments but they must be made from the substitute list and must be competitors who did not participate in the Sectional or District Tournaments. Substitutions for a doubles team must also be made prior to the start of the respective tournament. No student may participate in both singles and doubles at any level of the OHSAA tournament.

Note: See the Substitution Policy (#5).

All tournament contests must be played to a winner.

14. DISTRICT TOURNAMENT DRAW

For the District Athletic Board(s) hosting a District Tournament, the following criteria is recommended:

- A. The *four qualifiers from each sectional will be placed in separate quarter brackets.
- B. First and second place qualifiers from a sectional must be placed in opposite half brackets.
- C. Third and fourth place qualifiers from a sectional must be placed in opposite half brackets.
- D. First round District Tournament matches will pair sectional winners versus fourth place qualifiers from a different sectional, and sectional runners-up versus third place qualifiers from a different sectional.

* There may not be four distinct sectionals, thus there may not be four qualifiers! The number of teams/individuals participating in each athletic district varies.

15. QUALIFIERS TO THE DISTRICT AND STATE TOURNAMENTS

- A. **Sectional to District Tournament:** The District Tournaments will be comprised of the qualifiers from the Sectional Tournaments. Each sectional tournament will qualify singles players and doubles teams as determined by each respective District Athletic Board. The maximum number of qualifiers to the District Tournament will be 16.

The number of teams participating at the first level of the tournament may not require that four separate sectionals be held in respective districts, thus affecting the number of qualifiers to the district tournament(s).

- B. **District to State Tournament:** The District Athletic Board hosting a District Tournament will inform the manager of the tournament of the number of singles players and doubles teams the tournament shall qualify to the State Tournament. The qualifiers from the District to the State Tournament shall be:

Division I – Singles and Doubles

District	Qualifiers
C host/E/SE combined	4
NE	6
NW	2
SW	4

Division II – Singles and Doubles

District	Qualifiers
C	2
E/SE combined	1
NE	5
NW	4
SW	4

16. SCHOOL REPRESENTATIVE

No team or individual entry will be allowed to compete in the Sectional, District or State Tournaments unless accompanied by that school's board approved and ODE certified coach or person authorized by the Board of Education or similar governing body for a non-public school. Teams and individual entries unaccompanied by a board approved coach or authorized person will be disqualified. The school representative shall be present during the entire play of their entries. Note: All school coaches must possess the proper, valid credentials required by the Ohio Department of Education.

17. AWARDS

Awards presented at the site of the District or State Tournaments must be approved by the OHSAA.

- A. Sectional Tournaments – awards will not be awarded by the OHSAA.
- B. District Tournaments – an award will be presented to qualifying State Tournament participants in singles and doubles.
- C. State Tournament – an award will be presented to the winner, runner-up, third and fourth place finisher in singles and doubles.

18. VOLUNTARILY DEFAULTING MATCHES

A player who voluntarily defaults a match, other than for injury or illness, shall be disqualified from further OHSAA tournament participation that school year and is not eligible to receive an OHSAA tournament award. A singles player and/or a doubles team must be present at a match to advance. **Note:** See the Substitution Rule (#5) and Failure to Appear (#6).

19. MEDICAL TIMEOUTS

See the **2023 Coaches Manual** for complete details.

20. RULES

The United States Tennis Association (USTA) rules, unless modified by the OHSAA, shall prevail for all tournaments sponsored by the OHSAA unless otherwise noted.

All tournament matches shall be the best of three sets. **Exception:** When a tournament is played in extreme heat or humidity, the tournament managers, after consultation with the appropriate district athletic board, may decide that participants will play a super tiebreaker in lieu of a third set. The tournament manager, after consultation with the appropriate district athletic board, may also decide to play a match with “no ad” scoring. The decision to play a super tiebreaker in lieu of a third set or a match with “no ad” scoring should be made prior to the start of the match.

21. LIGHTNING AND INCLEMENT WEATHER

Recognition and Management:

Coaches, athletic trainers, athletes, administrators and contest officials should be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles, ANYTIME that lightning can be seen or heard, the risk is already present.

Weather can be monitored using the following methods:

- Monitor Weather Patterns – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity
- National Weather Service – Weather can also be monitored using small, portable weather radios from the NWS.

The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance) event organizers should be at a heightened level of awareness to the potential danger of lightning.

Management:

- Evacuation – If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.
- Thirty-minute rule – Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice of competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.

Note: At night, under certain atmospheric conditions, lightning flashes may be seen from distant storms. In these cases, it may be safe to continue an event. If no thunder can be heard and the flashes are low on the horizon, the storm may not pose a threat. Independently verified lightning detection information would help eliminate any uncertainty.

22. INTERRUPTED TOURNAMENT

Any OHSAA tournament interrupted due to events beyond the control of the responsible administrative authority shall be resumed from the point of interruption.

23. UNIFORM REQUIREMENTS

Players must wear an appropriate school uniform or proper tennis attire, preferably in school colors, in ALL tournament matches. Appropriate tennis attire is defined as clothing specifically manufactured for tennis wear. Any lettering or pictures on clothing and/or headgear must pertain to the school name or school emblem, the student's name, a tennis racquet and/or tennis ball, or be patriotic in nature (e.g. United States flag). Exception – Manufacturer's names or logos are permitted on all tennis uniforms provided they do not exceed one and one-half inches in height. Girls have the option of tennis dress or school uniform. "Doubles" teams players shall wear color tops that are of similar school color(s) but do not need to be of similar styles. Any visible undergarments that extend below the uniform shorts, dress, or skirt shall be the same color of the shorts or skirt or represent school colors or be all white or all black, or all gray. The dress code is to be enforced by the tournament manager. Failure to comply will result in a player being denied the right to participate. Any clothing deemed to be "reflective" or "distractive" in nature by the tournament manager will not be permitted. Slogans or phrases, such as "state bound", "we slam", etc. are not permitted on uniforms at any levels of the tournament. Participants may wear apparel sold by the OHSAA vendor. Complete text of uniform regulations are included in the tennis sports regulations.

24. UNSPORTING CONDUCT PENALTY

- A. During participation in OHSAA Tournaments any student or coach ejected for unsporting conduct or flagrant foul shall be ineligible for the remainder of that day as well as for all contests in that sport until two regular season or tournament contests are played (if ejected from the OHSAA tennis tournament, the ejection policy applies to tournament competition). The ejection policy is indicated in the OHSAA General Regulations.

Individuals ejected for unsporting conduct shall be reported to the OHSAA Executive Director by the tournament manager. The Executive Director will investigate the situation and may impose additional penalties in accordance with Bylaw 11 if the situation warrants it.

Participation in an athletic contest is a privilege. Each individual is expected to conduct herself or himself in an exemplary manner while participating.

- B. Any player or coach ejected for fighting shall be ineligible for all contests for the remainder of that day. In addition, the player or coach shall be ineligible for all contests at all levels in that sport until FOUR regular season/tournament contests are played at the same level as the ejection or disqualification.

25. PROPERTY DAMAGE

There is no insurance covering property damage. If property is damaged at a tournament site by competing school teams, student body or spectators, the school from which the students and/or spectators come shall be liable and pay the cost of repair or replacement. The tournament manager is authorized to deduct from the school's share the cost of any damages caused by competing schools. Other damages to facilities not attributed to a competing school could be a legitimate tournament expense and may be deducted from tournament receipts. If damage is extensive, the District Board or Board of Directors will become involved. Student crowd control at the state-sponsored tournaments is the responsibility of the principals of the competing schools.

26. SPONSORSHIP AND RIGHTS

The Ohio High School Athletic Association is the sponsoring association for the Sectional, District and State Tennis Tournaments. The OHSAA reserves all rights in regard to the management of these tournaments and the sale of any items or any audio-visual reproductions. Any sale of food, clothing, souvenirs or any other items is strictly prohibited without permission of the respective District Athletic Boards for Sectional or District Tournaments and the OHSAA Executive Director's Office for the State Tournaments.

27. PROHIBITED ADVERTISING

There shall be no advertising through printed media, signs, billboards, radio or television that includes beer, wine, liquor, tobacco, political parties or candidates or any other advertising contrary to the philosophy of the high school athletic program. There may be instances where it is extremely difficult to 'cover' a sign and in those instances, the Executive Director's Office should be consulted.

28. RAFFLES PROHIBITED

There shall be no raffles or any type of games of chance permitted at the site of OHSAA tennis tournament contests during the period beginning one hour prior to the tournaments and ending with the conclusion of the final match.

29. PROHIBITED SALES

The sale of, the distribution of, or the consumption of alcoholic beverages or illegal drugs is not permitted at the site of any contest involving OHSAA member schools.

30. ADMISSION

Student Tickets - \$6.00 per person per day

General Admission Tickets - \$8.00 per person per day

4. SCHOOL REPRESENTATIVE

No team or individual entry will be allowed to compete in the Sectional, District or State Tournaments unless accompanied by the school's board approved coach or person authorized by the Board of Education or similar governing body for a non-public school. Teams and individual entries unaccompanied by the school's board approved coach or authorized person will be disqualified. The school representative shall be present during play of their entries. No club or private coaches or family members may warm up or coach a participant during the tournament. Only an individual who has been authorized by the Board of Education or similar governing body, or member of the school team, may participate in interscholastic match/contest activities, including official warmups.

5. ENTRIES

Singles and Doubles players that qualify from a District Tournament are automatically entered in a State Tournament. No additional information is necessary.

6. *SEEDING

Placement on Brackets in Division I singles and doubles shall be conducted in the Executive Director's Office. The following criteria is suggested:

- a. The Qualifiers from each of the District Tournaments shall be placed in brackets as follows:
 1. First and second place qualifiers from each district will be placed in opposite half brackets.
 2. Third and fourth place qualifiers will be placed in different quarter brackets than the first and second place qualifiers.
 3. Fifth and sixth place qualifiers will be placed in different quarter brackets.
 4. Qualifiers from the same District Tournament shall not meet in the first round of play.
- B. A play-off shall be held for third and fourth place in the State Tournament for both singles and doubles. The sequence of play, whether prior to the finals or concurrent with the final matches, will be left to the discretion of the tournament manager.

* Division II will have 5 #1 seeds, reflective of the five District tournaments. As a result of five #1 seeds, a #1 seed may and most likely will play a #3 seed in the first round. Number two seeds may also face each other in the first round. Also, because there are five #1 seeds, and representation varies between athletic districts, #1 seeds may face each other during the 2nd round of play. In addition to having five (5) #1 seeds in DII, DI will have one district with six (6) representatives, while two districts will have four (4) representatives, one will have two (2) representatives. The representation formula, which takes into account the number of school "teams" in each OHSAA Athletic District, while equitable, makes it difficult to keep individuals from the same district from competing against each other in early rounds.

7. SCHEDULE OF EVENTS

Ohio Tennis Coaches' Association/OHSAA Code of Conduct

The following Code of Conduct has been adopted by the Ohio Tennis Coaches' Association and the OHSAA and is used for all OHSAA tournament and school matches. In some cases, it supersedes USTA regulations. Players can incur Code Violation Penalties for actions not only during the match, but also before and after the match. In dual matches, even though the home coach is the referee, both coaches MAY and SHALL enforce these regulations. It is suggested that, before each tournament or match, each participant be advised that the OHSAA point penalty will be enforced. Penalties for code violations are accumulative and follow the listed progressions.

Note: These are minimum regulations, and, depending upon the severity of the situation, a coach or official may issue a penalty more severe than is listed.

Note For Fans:

Fans are also encouraged to practice good sporting behavior. Please do not approach officials, tournament managers or OHSAA staff. Let the coaches coach, let the players play, let the officials officiate.
