2020

VOLLEYBALL MANUAL
Before you pick up the phone and call the OHSAA or send an email for a question to be answered, we strongly encourage you to do three things:

1. Consult the subject areas in this manual
2. Consult with your school’s Athletic Administrator. He/She most likely knows the answer or has the resource to answer it.
3. Go to the Volleyball webpage at www.ohsaa.org. Various items are located on this site to assist you.

In addition, we would ask that you take note of the This Week in Volleyball memos that we will post to the TWIVB volleyball page periodically.

This is a reminder that our State Rules Meetings remain mandatory for Varsity head coaches, which can be accessed on your myOHSAA profile. This is addressed in the early pages of this manual.

All rules governing OHSAA Volleyball stem from the National Federation (NFHS) and the OHSAA. The NFHS Rules are specific to the playing rules while OHSAA Sports Regulations (and Bylaws) govern administrative rules specific to Ohio. No coach, administrator, or official has the authority to modify or set aside these rules.

We wish each of you a successful Volleyball season. We commend you for your time and effort working with the student-athletes in Ohio.

Emily Gates
Director of Sport Management

**OHSAAN MISSION STATEMENT**

The Ohio High School Athletic Association’s mission is to regulate and administer interscholastic athletic competition in a fair and equitable manner while promoting the values of participation in interscholastic athletics as an integral part of a student’s educational experience. The OHSAA represents its member schools by recognizing and promoting academics, the safety of participants, good citizenship and lifelong values as the foundation of interscholastic athletics.
## Important Volleyball Dates

<td>Director of Development for Volleyball Officiating</td>
<td><a href="mailto:iplas@prodigy.net">iplas@prodigy.net</a></td>
</tr>
</tbody>
</table>

Emily Gates: Administrates the sport of volleyball and oversees the postseason tournament.

Diane Plas: Responsible for overseeing volleyball officials in Ohio. Serves as liaison with NFHS and oversees the education and recruitment of officials in Ohio.

## State Rules Meetings

All State Rules Meetings for coaches and officials will be required ONLINE. This is explained on the following page. Rules meetings go live on Wednesday, July 29, 2020 at 9:00 am on the myOHSAA State Rules Meeting page. The deadline to view the rules meeting without penalty is Thursday, August 20 at 11:59 pm. On Friday, August 21 at 12:00 am, there will be a $50 late fee to view the rules meeting. The final deadline will be Monday, October 5 at 11:59 pm. On October 6 at 12:00 am, the Volleyball Rules Meeting will no longer be available and penalties will be assessed if not viewed by this date.

## Important Non-Interscholastic Note

The OHSAA feels that student-athletes that have committed themselves to the school’s Volleyball team should keep that commitment and be free of distractions and potential dissenting coaching opinions through the school Volleyball season. Therein lies the basis for the Non-Interscholastic Rule. This General Sports Regulation prohibits a member of the school team from trying out practicing/training or competing with any non-interscholastic team while a member of the school team. Remind your players continually. And, this includes any college tryouts/workouts. Anything outside the high school practice, workouts or matches (including college tryouts/workouts) are considered non-interscholastic.

## The Non-Interscholastic Date

The “Non-Interscholastic Date” is a date that is set prior to the State Volleyball Tournament. Though participation in any form of non-interscholastic Volleyball while a member of a school team is prohibited, any participation in a non-interscholastic contest on or after this date for a student who has not yet joined your interscholastic program results in the individual being ineligible for the OHSAA tournament in addition to any other suspensions issued.

For the 2020 Volleyball season, this date is: **September 7, 2020**

*Please put this date on your calendar and remind the players on your team!*

## Communication with the OHSAA

It is understandable with 832 high schools in Ohio and the number of teams in Ohio from 7-8th grade to High School, communication to our office is in large volume. Most questions can and should be answered by the Athletic Administrator at your school. To make our communication as efficient as possible, we ask school administrators (including your Athletic Administrator) to communicate directly with us…thus derives our policy of not answering calls by parents and community members.

Additionally, every effort is being made to provide useful information via our website. We encourage you to check the website (both the main page and Volleyball specific page), and additional information is provided in this manual regarding weekly informational items.
State Rules Meetings are mandatory for all head coaches and officials. For the 2020 Volleyball season, all rules interpretation meetings for coaches and officials will be conducted online through their myOHSAA account. If you are a coach and have an OHSAA volleyball officiating permit, please note that there are separate online rules meetings for coaches and officials—you will be required to complete both rules meetings, as they contain separate material.

NFHS rule and editorial changes and NFHS points of emphasis are covered in detail, along with OHSAA Volleyball Sports Regulations, General Sport Regulations and Bylaws as they pertain to coaches and players. Though the main purpose is to provide knowledge and advice on the various NFHS and OHSAA regulations, this is the educational mechanism to ensure compliance with the various rules and regulations.

How to Complete the State Rules Meeting Online
All coaches and officials will access the State Rules Meeting through their myOHSAA account. Once you have logged in (full directions below) and have accessed the Rules Meeting, please follow the prompts to complete the meeting to receive meeting credit.

Coaches should login to their myOHSAA account and use the Rules Meeting icon to access the list of meetings. Coaches should contact their athletic administrator if they do not have an account*. Please see further directions below if you are a coach and do not have a myOHSAA account. Please note that all screens of the presentation must be viewed for attendance credit to be provided.

Officials should login to their myOHSAA account and use the Rules Meeting icon to access the list of meetings. Please note that all screens of the presentation must be viewed for attendance credit to be provided.

TO ACCESS ONLINE RULES MEETINGS
1. Login to your myOHSAA account (http://officials.myohsaa.org/Logon)
2. Click on the “Rules Meeting” icon
3. Click on “Find a State Rules Meeting”
4. Search for the Volleyball meeting using the ‘Sports’ and ‘Meeting Type’ drop-down menus
5. Click on the ‘View Meeting’ button once the State Rules Meeting has gone live
6. Once directed to the Rules Meeting, please follow all prompts to complete the meeting and receive credit.

*IF YOU ARE A COACH AND DO NOT HAVE A MYOHSAA ACCOUNT
1. Contact your Athletic Administrator immediately to add you to the school’s Staff Management in myOHSAA
2. This will generate an email invitation from info@myohsaa.org to the coach—please look for this email in your inbox, junk or spam folders
3. Once the email is received, click on the link in the email and follow the prompts to create an account and clear any dashboard items. (verify email address and complete your contact information)

Please do not use a Chromebook device to view the Rules Meetings—this device does not support the capabilities of our presentations. Please know that this is not the same as the Chrome web browser.

The Online Rules Meeting will be available on Wednesday, July 29, 2020 at 9:00 am

The deadline for completion of Rules Meeting is Thursday, August 20 at 11:59 pm or a $50.00 late fee is charged for access to the Rules Meeting. The final deadline is Monday, October 5th at 11:59 pm. Beginning on Tuesday, October 6th at 12:00 am, the Volleyball Rules Meeting is no longer available and the penalty shall apply.

PENALTY: If coaches do not complete the Rules Meeting by October 5 at 11:59 pm, your school will be removed from the post-season tournament in 2020 and officials will be ineligible for the 2021 State Tournament Series.

AFTER COMPLETION:
1. Your myOHSAA profile will be updated to reflect your attendance.
2. Please do not call the OHSAA office for verification. Attendance will be reflected in your profile.
Pre-season meetings with parents are mandated by OHSAA Bylaws and will most likely occur at your school along with other fall sport teams. This is determined by each school’s Athletic Administrator and must be held no later than 2 weeks after the start of the season (August 1 – August 14, 2020). This is the time to cover such things as eligibility requirements, individual school policies, individual sport polices, sportsmanship issues and expectations, travel plans for away contests, etc. We encourage coaches to use this time to their advantage and provide as much education as possible to parents. There are great resources available for coaches to use at these meetings at the Locker Room, an NFHS online education center. You can access this directly at: http://www.nfhslearn.com/LockerRoom.aspx

As outlined in Ohio Administrative Code, all Coaches of Middle School/Jr. High and High School teams must possess a “Pupil Activity Validation Certificate” to coach in Ohio. This includes paid coaches AND volunteer coaches. School administrators are responsible for maintaining records on compliance and most schools provide opportunities for their coaches to obtain the necessary coursework. The actual regulations AND the certificate can be downloaded from the OHSAA’s Sports’ Medicine page or directly at: http://www.ohsaa.org/medicine. To obtain the required certificate through the ODE, one must:

- Have completed a Sports’ First Aid Course
- Possess a valid CPR Card
- Have been approved by their local Board of Education or similar governing body
- Complete the NFHS Fundamentals of Coaching course
- Complete one of two approved Concussion Recognition courses
- Complete the Sudden Cardiac Arrest video & information bulletin
  - Lindsay’s Law http://www.odh.ohio.gov/landing/Lindsay’s-Law.aspx

You can look up all requirements in detail on the ODE’s website at: http://www.ode.state.oh.us/GD/Templates/Pages/ODE/ODEPrimary.aspx?page=2&TopicRelationID=1328

Schools are required to submit coaches’ names along with valid permit numbers on the Official OHSAA Tournament Entry Form. Entry forms are audited on a random basis at the conclusion of each season.

Concussion Legislation as it relates to Coaching Requirements

Though the entire law is explained later, all coaches today must complete one of two (2) approved Concussion Education programs online upon renewal of their Pupil Activity Permit any time after April 26, 2013. Individual student-athletes removed from contests with a suspected concussion are no longer permitted to return to play on the same day of the contest – regardless of the diagnoses. If they are removed by one of the individuals given this authority, they simply cannot return to play the same day. Written authorization is required to return anytime thereafter and must be kept on file with the school Athletic Administrator indefinitely.
Lindsay’s Law – Sudden Cardiac Arrest

ODE Website: [http://www.odh.ohio.gov/landing/Lindsays-Law.aspx](http://www.odh.ohio.gov/landing/Lindsays-Law.aspx)

Lindsay’s Law, Ohio Revised Code 3313.5310, 3707.58 and 3707.59 became effective on August 1, 2017. In accordance with this law, the Ohio Department of Health, the Ohio Department of Education, the Ohio High School Athletic Association, the Ohio Chapter of the American College of Cardiology and other stakeholders jointly developed guidelines and other relevant materials to inform and educate students and youth athletes participating in or desiring to participate in an athletic activity, their parents, and their coaches about the nature and warning signs of sudden cardiac arrest.

The following resources were developed to implement Lindsay’s Law:

For **parents/guardians** and **student-athletes** in grades 7-12 in Ohio schools:

- **Required video**
- **Required SCA Informational Handout**
- **Required Signature Form**

For **coaches**:

If you are a coach for an interscholastic sport and are licensed by the Ohio Department of Education (all paid and volunteer coaches in Ohio), please visit their [website](http://www.odh.ohio.gov/landing/Lindsays-Law.aspx) for information about their training requirements around Lindsay’s Law. The required video, informational handout and a post assessment test will be available shortly through the ODE’s website. We will inform you when that component is available. If, however, you want to have your coaches view the video and review the information immediately, you may access those items below. Please be advised that as a school district, your superintendent must be able to verify that coaches have seen this video and read the informational handout if you choose to implement this requirement before it is available through ODE’s LMS.

- **Required video**
- **Required SCA Informational Handout**

*These educational materials are all free of charge and are the only materials authorized for compliance with this new state law. No other course or training material is acceptable.*
All OHSAA schools shall follow the 2020 NFHS Volleyball Rules

4-1-4 (NEW) Allows the use of a molded protective face mask made of hard material during play.  
**Rationale:** Creates consistency with other NFHS Rule codes.

7-1-1 PENALTIES Eliminates the loss of rally/point penalty for failure to submit the team roster during the pre-match conference and replaces the penalty with an unnecessary delay (administrative yellow card).  
2 (NEW) **Rationale:** Eliminates the double penalty for a late roster and an incorrect roster before the start of the match.

7-1-4a(1) & (2) (NEW) Allows a team to correct a submitted lineup if it lists a libero number that no team member is wearing.  
**Rationale:** Creates consistency in allowing the correction of a clerical error (listing a number that no team member is wearing) on the lineup for a starting position and the libero position.

12-2-6: Establishes that a yellow card issued for unsporting conduct to the head coach, assistant coach(es) or team bench will no longer require the head coach to remain seated, while maintaining that a red unsporting conduct card will require the head coach to remain seated for the remainder of the match.  
**Rationale:** Creates a penalty progression by allowing an official to warn a head coach with a yellow unsporting conduct card without requiring the coach to remain seated for the remainder of the match.

**Official Sig. #15:** Establishes that an official will rotate their forearms around each other with closed hands to signal substitution.  
**Rationale:** Aligns with current trends of the sport.

---

**2020 VOLLEYBALL MAJOR EDITORIAL CHANGES**

4-2-1e Removes language referencing the size restrictions of mascots and/or school names placed on the uniform sleeve as a part of the 2019-20 uniform rules changes.

10-3-6b Clarifies the order of priority for an exceptional substitution for an injured/ill player aligning the language with Rule 10-4-3b.

10-3-6c

10-3-6 NOTE (NEW)

---

**2020 Volleyball Editorial Changes**  
5-4-3c(22); 5-4-4b, c; 5-5-3b(20); 9-7 PENALTIES 3; Rule 9 Unnecessary Delay Chart (NEW)

---

**2020 Volleyball Points of Emphasis**  
1. Bench Behavior/Sportsmanship  
2. Management of Non-Team Personnel  
3. Official’s Communication  
4. Uniform Bottom Compliance
The OHSAA continues to receive many inquiries about the uniform rules which were changed by the NFHS several years ago. If in doubt about the legality of a uniform and before placing an order, please check with Emily Gates (egates@ohsaa.org) or Director of Officiating Development, Diane Plas (jplas@prodigy.net).

1) RULE 4-2-1 AND OHSAA SPORTS REGULATION - UNIFORMS

A. Uniforms worn by participants in interscholastic athletic contests must conform to the playing rules adopted by the OHSAA for that sport. Any lettering or emblems (pictures or insignias) on uniforms must pertain to the school name, team nickname (mascot), individual’s name or sport.

B. Please note that in accordance with Rule 4-2-1 f and the OHSAA uniform regulation, a single partial/whole manufacturer’s logo/trademark/reference is permitted on each piece of the uniform provided it is no more than 2 ¼ square inches with no dimension more than 2 ¼ inches and does not interfere with the visibility of the player’s number. Individuals responsible for the purchase of uniforms must clearly communicate this restriction to the agent from whom the uniforms are purchased, and the OHSAA is able to assist you in evaluating uniforms if you will send us a clear picture.

C. Please note that all uniform rules are combined under one Section 2: Legal Uniform. Points of emphasis under this section include:
1. Uniform tops [with the exception of the libero (4-2-2)] and bottoms shall be like-colored.
2. Uniforms shall be worn as the manufacturer intended.
3. Uniforms shall be free of hard and unyielding items (buttons, zippers, snaps, fasteners, etc.)
4. A single, visible manufacturer’s logo and/or single school name or insignia no more than 2 ¼ inches are permitted on each visible undergarment.
5. The school’s name, nickname, logo, mascot and/or team member’s name are permitted on the uniform top and/or bottom.
6. A single partial/whole manufacturer’s logo/trademark/reference, no more than 2 ¼ square inches with no dimension more than 2 ¼ inches, is permitted on each piece of the uniform provided placement does not interfere with the visibility of the player’s number.
7. The libero shall wear a uniform top that is immediately recognized from all angles as being in clear contrast to and distinct from the other members of the team, based on color.
8. The number shall be at least 4 inches tall on the front of the top and at least 6 inches tall on the back of the top.
9. The number shall be placed so the top of the number on the front of the uniform is no more than 5 inches down from the shoulder seam; or placed so the number is centered no more than 5 inches below the bottom edge of any neckline ribbing, placket or seams on the uniform top.

TEAM/LIBERO UNIFORM COMPLIANCE – PREDOMINANT COLOR(S)

Since the uniform has one predominant color (BLACK) any contrasting color can be used as the predominant color of the libero uniform and black can be used as an accent color.

[Images showing examples of compliant and non-compliant libero uniforms]
Warm-up Protocol

WARM-UP PROTOCOL – RECOMMENDED FOR THE REGULAR SEASON – REQUIRED FOR OHSAA TOURNAMENTS

The OHSAA does not set the warm-up period for regular season, but instead advises the use of our tournament procedure as a recommendation.

The importance of a warm-up is discussed in the points of emphasis. It is important to note that it is considered unsporting conduct for members of a volleyball team to deliberately serve or hit balls into their opponents. Such behavior shall not be condoned by coaches and shall be penalized as unsporting conduct if witnessed by contest officials.

Please remember that during a team warm-up period, all personnel actively conducting warm-ups shall be properly attired for the duties required. Special attention shall be given to ensure that auxiliary personnel are wearing appropriate footwear for active participation and electronic devices such as music devices and cell phones are not being used. Although the OHSAA does not mandate a particular warm-up time or protocol for regular season play, the Association recommends the following system for the regular season and reminds you that this system shall be used for all high school OHSAA tournament matches.

The 20-minute warm-up shall be divided into the following designated times in order:
1. 2 minutes – both teams ball handling on their side of the net
2. 6 minutes – the serving team has the whole court
3. 6 minutes – the receiving team has the whole court.
4. 3 minutes – the serving team has the whole court.
5. 3 minutes – the receiving team has the whole court.

The R2 shall sound a whistle 15 seconds before the end of each team warm-up period.
TOURNAMENT REGULATIONS
Tournament Regulations and the State Tournament Draw will be available at www.ohsaa.org (after approval at the August Board meeting). On the website, under Sports & Tournaments select Volleyball. They are listed under Tournament Information on the left side of the Volleyball page.

OHSAA GENERAL SPORTS REGULATIONS

OHSAA Sports Regulations

How do the OHSAA’s Sports Regulations Affect Coaches and Players?
Regulations governing the sport of Volleyball are divided into two basic categories: General Sports’ Regulations and Volleyball Regulations (sport specific). These are reviewed annually and approved by the OHSAA’s Board of Directors.

OHSAA GENERAL SPORT REGULATIONS
These regulations can be accessed and address regulations that affect all sports governed by the OHSAA. They include, but are not limited to, such things as Instructional Programs outside the window of the season, Physical Fitness (Conditioning) Programs, Open Gym/Field Regulations, No Contact Periods, Player and Coach Ejection Policies. These are important and most areas of concern can be addressed simply by reading through these Regulations or contacting your Athletic Administrator. They are easily accessed via the web by navigating to the Volleyball webpage and clicking on “General Sports’ Regulations” on the left-hand side. We strongly encourage you to take the time to read these to familiarize yourself and your staff with the various rules approved by our Board of Directors. Though there are far too many to list in this coaches’ guide, a few of the more common ones that affect coaches and teams are:

Open Gyms/Facilities/Fields at Member Schools
Open Gyms (or facilities) are clearly defined in the OHSAA’s General Sports Regulation #10. An abbreviated version states:

- A school may open its athletic facilities for unstructured free play provided the activity is supervised by a school employee who may remove participants or spectators for disciplinary reasons.
- The school may designate the sport or sports that will be played during the free play period but may not limit participation to a select group of students from within the school. Participation may be limited to students enrolled in that specific school.
- There can be no designation of who will play on which team or who will play whom. Only those students participating may be involved in the selection of teams.
- Regulation timing of matches is not permitted.
- Written scorekeeping is not permitted.
- No individual invitations, written or oral, are permitted.
- A coach, paid or volunteer, violates the provision of these regulations when the coach requires, suggests or in any way implies that a student’s chance to be selected for an interscholastic squad is contingent upon participation at an open gymnasium or facilities program.
- Mandatory attendance at open gyms/facilities is not permitted.
- Transporting athletes to a school or non-school open gym/facility is a violation for any member of the coaching staff, paid or volunteer.
- Coaches may participate in the unstructured free play in the open gym/facilities.

Schools MAY restrict individuals from observing the open gym/facility activity.
Each spring, Regulations for the upcoming school year are approved by the Board of Directors for every sport the OHSAA sponsors. These address areas such as (but not limited to) non-interscholastic competition, number of contests (game, scrimmage or preview) that are permitted, season start and end dates, out of state travel, etc. All coaches should familiarize themselves with these Regulations. Coaches should familiarize their entire staff with the importance of these Regulations as they directly affect the eligibility of student-athletes. Upon approval, they are submitted for printing to the annual OHSAA Handbook (which every administrator has been provided). These are also available through the Volleyball web page at www.ohsaa.org. Both Volleyball specific and the General Sports’ Regulations are found on the left side of the page. A few of the Sports’ Regulation highlights are listed but you are encouraged to read the entire regulations at the above listed website.

NEW FOR 2020:

1. The non-interscholastic competition date has been changed to Labor Day—Monday, September 7, 2020 instead of the October date in years past. Players shall not be permitted to participate with any non-interscholastic program beyond this date, or they will become ineligible for the 2020 season.

2. College ID camp/workout waiver for 2021 has been created for 2021 fall sport athletes due to the changes in the NCAA recruiting periods. With the approval from the school coach and Athletic Director, a student-athlete is able to fill out the waiver to participate in a college ID camp one-time during the volleyball season. The term ID camp refers to an individual workout and/or individual camp being offered by a college or university. This is not permitted for a showcase of any type—only participation in a collegiate-level workout or camp. The waiver should be turned into Emily Gates by the school Athletic Director.

MATCH & SCRIMMAGE LIMITATIONS (Grades 9-12)

| Maximum number of matches permitted | 22 Matches (on no more than 22 playing dates) |
| Scrimmages/Previews | Maximum of 5 scrimmages, plus one preview |
| Scrimmage Note | Scrimmages MAY be held at any time during pre-season, post-season or during the season, but MUST count as the same for both competing teams. In other words, Team A cannot count it as a scrimmage while Team B counts the competition as a match. This is especially noteworthy during post-season. |
| Alumni games | These have gained popularity and may be played, but they must be counted as a scrimmage, preview or contest. |
| Practicing with Other Schools | This also has become popular and may occur but again, any such practice MUST be counted as one of the team’s 5 permitted scrimmages. |
| Note Regarding Individual Participation | Though there is no limitation on the number of sets an individual may participate in for scrimmages, individual players are not permitted to participate in more than 5 scrimmages. |

INDIVIDUAL CONTEST & SET LIMITATIONS (Grades 9-12)

| Scrimmages Permitted | No Individual may participate in more than 5 scrimmages |
| Sets/Matches Permitted | No individual may participate in more than 3 matches OR 5 sets in any one day, and only 22 matches per season. |

Match & Scrimmage Limitations (Grades 7-8)

| Maximum number of matches permitted | Maximum 20 matches (on 20 playing dates) and 1 post-season tournament not to exceed 4 matches |
| Scrimmages | Maximum of 2 scrimmages (or 1 scrimmage and 1 preview) |
| Scrimmage Note | Scrimmages MAY be held at any time during the season but MUST count as the same for both competing teams. In other words, Team A cannot count it as a ‘scrimmage’ while Team B counts the competition as a ‘match/game’. |
### Individual Contest & Sets Limitations (Grades 7-8)

<table>
<thead>
<tr>
<th>Scrimmages Permitted</th>
<th>No Individual may participate in more than 2 scrimmages</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sets/Matches Permitted</td>
<td>No individual may participate in more than 3 matches OR 3 sets in any one day, and only 20 matches per season.</td>
</tr>
</tbody>
</table>

### No Contact Period ("Dead Period")

There has been considerable misunderstanding about the No Contact period outlined in General Sports Regulation 11. Any coach, paid or volunteer, is prohibited from athletic or athletic-related contact with squad members in the same sport for the period of time starting with the first day after the school’s last interscholastic contest and ending 28 days later. This includes any contact in tryouts in or out of school, physical fitness, weight training, open gyms, etc. It also includes verbal contact which encourages discusses or promotes any activity related to Volleyball. Exceptions to this are all-star contests, awards ceremonies, contact with seniors to facilitate college recruiting and contact as a faculty member assigned to teach in the regular curriculum, pick up school-issued equipment and attendance at OHSAA tournaments.

### Out of State Travel

A volleyball team may travel out of state to compete in contest scrimmages, previews and matches in states OR provinces in Canada that are contiguous to Ohio regardless of distance. This would include the states of Indiana, Kentucky, Michigan, Pennsylvania and West Virginia and the province of Ontario in Canada. A team may travel out of state one-time per season to a state or province NOT contiguous to Ohio. Teams may not travel out of state only to practice.

### Videotaping Regulations

The improvement of various electronic devices, especially cell phones, has drawn much attention to the rules regarding recording Volleyball contests. Complete regulations available within the OHSAA Handbook or through the General Sports Regulations on the web at [https://ohsaaweb.blob.core.windows.net/files/SchoolResources/Handbook.pdf](https://ohsaaweb.blob.core.windows.net/files/SchoolResources/Handbook.pdf) under Section “A” of the Media Regulations. A few highlights of this include but are not limited to:

- It is permissible for a school to videotape or photograph regular season contests in which the school team is participating, but such tapes or photographs may not be used for coaching purposes until after the contest is completed. In other words, it is not possible to use photographs or any recorded information in between sets of a match.

- It is not permissible for a school or school representative to videotape or photograph previews, scrimmages, regular season OR tournament contests of other schools without the written consent of the schools participating in the contest.

### Officials

**Varsity:** One Class 1 official, who shall be the First Referee, is required. The Second Referee should be either a Class 1 or Class 2 official.

**Exception:** If an emergency arises which prevents the contracted Class 1 official from being present, a Class 2 official may be used as the First Referee provided the schools mutually agree. In the event that only one OHSAA registered official arrives to officiate the match, the match may be played provided the participating coaches agree.

**Reserve/Junior Varsity:** Two OHSAA Class 1 or Class 2 Volleyball officials required.

**Freshman:** A minimum of one Class 1, 2 or 3 Volleyball official(s) required.

**Line Judges:** For varsity and reserve/junior varsity Volleyball, all Line Judges shall be either* well-trained adults or students not listed on the roster for the school.

**COVID-19 Modification:** The above procedure is strongly recommended. If there are no Line Judges available that meet the specifications, the following is approved in the order listed:

1. Use a player who is listed on the volleyball eligibility list.
2. Use no Line Judges. The R1 and R2 will adjudicate the match including the line judge duties. THIS IS AN EMERGENCY LAST OPTION ONLY.

**7th and 8th Grade:** A minimum of one Class 1, 2 or 3 Volleyball official(s) required.
Protests Are Not Part of High School Volleyball and Will NOT be Considered
Bylaw 8, Section 3(1) of the OHSAA Constitution and Bylaws reads in part, “Protests arising from the decisions of interpretations of the rules by officials during the match will not be considered. Their decisions and interpretations are final.” This means that correctable errors must be corrected during the match and within the time established by playing rules.

Ejections from Scrimmages
Any ejection that takes place during a scrimmage will be reported on the Officials’ Report and will require all players to be suspended in accordance with the OHSAA’s Ejection Policy.

Important Note on Ejections: Any ejection that takes place out of state or when not followed by the required paperwork that is to be submitted by the official must still follow all ejection protocol. Consequences of an ejection are required to be followed whether appropriate paperwork is filed by the official or not.

What is Coaching?
Coaching refers to any organizational or instructional contact with student-athletes in the sport for which a coaching staff member in a member school is responsible. Specific activities include but are not limited to: practice or other instructional situations in which the coach conducts specific drills, teaches skills, supervises match or competition-like activities or in any other way supports the instructional environment; match or competition situations in which the coach sits on the team bench, is in the direct vicinity of the competition in areas reserved for coaches and/or delivers instruction to athletes while they are competing. It is not a violation to be a spectator at a competition and sit in those areas reserved for spectators; however, the coach must be certain not to engage in those behaviors that are specific to the coaching task.

Players Receiving Private Instruction
While it is not the position of the OHSAA to encourage outside instruction during the school Volleyball season, individual skill instruction may be received in Volleyball by a squad member at any time, provided that these individual skill instructions do not violate any Board of Education, school administrators’ or coaches’ policies. There may be no type of team play involved. Notwithstanding the foregoing provision, any school coach may not conduct individual or group lessons for a squad member except during June 1 to July 31 and during the season of the sport.

Coaching Own Student-Athletes on Non-School Teams
If there are 3 or less players on a non-school program, any school coach may coach their student athletes at any time, with the exception of the No-Contact Period (28 days after the last contest of the season). From June 1 – July 31, school coaches are not limited to working with 3 players or less—there may be more 3 players participating with a school coach during these summer months.

Individual Instruction
The Individual Instruction Regulation (General Sport Regulation 8) permits the school’s Volleyball coach to have instructional contact with no more than four players at a time in any one facility, provided such instruction does not take place during the mandatory No Contact Period. Notwithstanding the foregoing provision, any school coach may not conduct individual or group lessons for a squad member except during June 1 to July 31 and during the season of the sport.
Sports Regulations and Coaching Restrictions

The OHSAA’s General Sports Regulations define what coaches may do outside the season of play. These regulations must be understood by all coaches. A few simple facts:

- Coaches are expected to know, understand and abide by all General Sports Regulations
- Member schools agree to abide and self-enforce the General Sports Regulations
- All Coaches, whether paid or volunteer, are bound by all General Sports Regulations

It is the responsibility of the OHSAA to help with the education of these regulations and the schools and coaches to self-enforce them. It is generally easiest to break these regulations affecting coaches into four general categories:

- Summer Rules (June 1 – July 31)
- During the Season
- The No-Contact Period
- Outside the Season (except during June/July)

Between June 1 and July 31, the out of season and non-interscholastic regulations change considerably. The regulations governing school programs are often known as Summer Rules. OHSAA Regulations in place during this time have an impact on both coaches and players. Below is an overview of how the period between June 1 and July 31 affect each:

**COACHES**

1. Coaches may provide individual or team instruction anytime between June 1 and July 31. **Individual instruction** is defined as one-on-one anytime 4 individuals or less that played for the school team the previous season are present, deemed by our Individual Instruction Regulation. **Team instruction** is defined as any instruction—team or individual—that takes place when 4 or more individuals that played for the school team the previous season are present.
2. Volunteer coaches and paid coaches are treated the same—they are under the same OHSAA Regulations.
3. All volunteer coaches and paid coaches are identified by **where they coached the previous season**.
   
   *EXAMPLE*: If a volunteer coach that coached during the most recent season indicates he/she will not return to coach at the school the next season, they are still regulated by the OHSAA out of season coaching regulations.
4. New coaches to a school district are not provided exceptions to OHSAA Bylaws & Regulations.
5. A new coach to a school district is considered a coach at that school and immediately under the out of season coaching Regulations as soon as the school names him/her as the coach of that school—regardless of when that person signs a contract.
6. Attendance for individual instruction **CANNOT** be mandated to individuals or be part of any implied decision for team selection during the regular season.
7. School Administrators are expected and required to monitor compliance as a condition of membership in the OHSAA.

**PLAYERS**

1. Players are identified as those that played for the 9-12 school sponsored team the previous season and those that played for 7-8 school sponsored team the previous season.
   
   *EXAMPLE*: All players that played for a freshmen, JV or Varsity team the previous season count together. All players that played for a 7-8 team the previous season are counted together but separately from 9-12.
2. Individuals that did not play for a school sponsored team the previous season do not count in any of the out-of-season regulations affecting players.
3. Individuals that indicate they are not going to play next season still count in the out-of-season regulations if they played the previous season.
4. There is no limit to the number of players from the previous year’s school sponsored teams that may play together between June 1 and July 31.
5. There is no restriction anytime outside the season of play (including June and July) that would prohibit 8th graders from playing with 9-12 graders. The restriction **only** exists during the defined sports season.
6. Players are considered in their current grade until August 1, 2021.
7. During the June 1 – July 31 period, there is no regulation that prohibits a player from School A playing on a team with members of School B. Anyone may participate together during the June/July period.

**Volleyball “Camps”**

_Camps:_ Many different types of instruction often fall under the general term of “camps”. Camps can be conducted by school coaches but must fall under all previously mentioned OHSAA regulations regarding out of season instruction.

**The following “Q and A’s” are designed to give additional help:**

_Q: Can I charge for athletes to attend a camp that I conduct as a coach?_  
_A: A very complex question. Though not an area the OHSAA regulates, it is an issue ethically and legally between you and the school district. Essentially, it depends a little on whether YOU are conducting the camp (you would therefore be a private business individual) or the school district is conducting the camp (you would then be considered an employee of the school). We strongly recommend you sit down and discuss all legal and ethical ramifications with your school administration prior to holding a camp in which a fee is charged.

_Q: Am I permitted to bring a private instructor in to conduct a camp?_  
_A: Yes, you could.

_A few common Q and A’s here:_

_Q: When can we begin practice?_  
_A: August 1, 2020.

_Q: Though practice does begin on August 1, when are we permitted to have tryouts?_  
_A: Tryouts and practice are one in the same—you may begin those on **August 1, 2020**.

_Q: How many days do I have to give before making cuts or team selections?_  
_A: The OHSAA does not regulate this. But common sense is always urged and we recommend you ask this question to your Athletic Director prior to making any cuts or team selections (JV-A, JV-B, etc.)

_Q: Can we practice on Sunday?_  
_A: That is entirely up to your school. The OHSAA has no restriction prohibiting Sunday practice, like many regulations, we leave it up to the individual school district.

_Q: Can kids from a middle school travel team practice or train with us?_  
_A: No. OHSAA Regulations do not permit 7-8 graders to practice or train with 9-12 graders anytime during the defined Volleyball season (August 1 – until the last match).

_Q: Can we practice along with a neighboring school?_  
_A: You may, but it must count as a scrimmage. Anytime two different schools practice together, it must be counted as a scrimmage.

_Q: Can I, as the school coach, coach a travel team during my school season?_  
_A: Yes. There are no regulations that prohibit this. I always remind coaches doing this they are NOT exempt from any “Recruiting Bylaws” within the OHSAA’s Bylaws.

_Q: During the season, a player is invited by a college to workout for them to determine if they might get athletic grant-in-aid money. Is this permissible for the player?_  
_A: NO*. This is a growing concern and any participation violates the Non-Interscholastic Regulations and will result in _ineligibility_ for the player. *However, for 2021, we do have a one-time per season waiver for a student-athlete to participate with a college ID camp or workout. This waiver is located on the Volleyball webpage and must be completed by the Athletic Director, coach and student-athlete and turned into the sport administrator.
Q: There continues to be a reference to non-interscholastic Volleyball. What is considered non-interscholastic Volleyball?
A: ANYTHING that is not the school sponsored team. This includes but is not limited to club, travel, rec, collegiate tryouts/workouts, and includes any training, practicing, competing or even trying out.

Q: Does a volunteer helping just 1 day a week need a Pupil Activity Permit?
A: YES. Ohio Administrative Code requires all coaches, whether paid or volunteer, to possess the PAP before doing any coaching.

The No-Contact Period

The No-Contact period for Volleyball runs from the end of each team’s last contest for 28 consecutive days. The No-Contact period is designed to provide student-athletes an opportunity to participate in winter sports without undue influence to start training right away for the next Volleyball season. ALL team sports have a 28 day No-Contact Period at the end of their season. A few common Q and A’s regarding this period of time:

Q: Can players meet to turn in equipment and be provided an evaluation of the previous season?
A: Yes. That is permitted, as long as it is done during the equipment turn-in time. You can provide them information for your season-ending awards program, etc.

Q: Can players attend Awards Banquets during this time?
A: Yes.

Q: Are players permitted to meet regarding college plans or with a college recruiter that may come?
A: Yes.

Q: Can players lift weights in the school’s weight room during the No-Contact Period?
A: Yes, but the supervision cannot be from a Board approved Volleyball coach. Your weight room must be supervised by another individual other than a Board approved Volleyball coach. Many schools have supplemental contracts for a separate strength coach for this very reason.

Q: Does the No-Contact Period apply to someone that was just a volunteer on my staff?
A: Yes. All coaches, whether paid or volunteer must be approved by your board of education, must have an ODE issued Pupil Activity Permit and are under all regulations of the OHSAA just as the paid coaches are.

Out-of-Season Regulations

For explanation purposes, the Out-of-Season period is defined as the period:

- Outside the defined season of play (official start date to team’s last contest)
- Outside the No-Contact Period
- Outside of June 1 – July 31

COACHES

1. All OHSAA sponsored sports have a defined Start Date and End Date for each sport season.
2. Sports Regulation 7 defines all activities that can be conducted by coaches and participated in by players outside of the season.
   
   COMMENT: All Sports Regulations are approved annually by the OHSAA’s elected Board of Directors that represent the schools that voluntarily join the OHSAA. Their voluntary membership is also an agreement to monitor, comply and administrate the OHSAA Sport Regulations.

3. Outside of the season, school Volleyball coaches for grades 9-12 are permitted to coach individuals in grades 9-12 that played for their school team in team play, as long as there are 3 or less individuals from their school team, and it does not fall in any of the No Contact Periods. They may also utilize the permissions in General Sports Regulation 8.2 (Individual Instruction Regulation).

   COMMENT: Keep in mind 2 things; first, the 50% limitation (3 in Volleyball) is still in effect outside the season for players. So, though a coach may coach players in team play from his/her own school, there may still only be 3 players from the school team on the non-school team.
4. Outside of the season, school Volleyball coaches in grades 7-8 are permitted to coach individuals in grades 7-8 that played for their school team in team play at any time. They may utilize the permissions in General Sports Regulation 8.2 (Individual Instruction Regulation).

5. A player’s grade is considered to be the current grade they played in the previous season until August 1 of the next school year.
   **EXAMPLE:** An 8th grader that played Volleyball for ABC Junior High during the previous season remains considered an 8th grader for this regulation until August 1 of the next school year.

6. Volunteer coaches and Paid coaches must comply with all regulations.
   **COMMENT:** All individuals in the state of Ohio that work with student-athletes as part of a school program whether paid or volunteer, are required to be approved by their respective Boards of Education (or governing body). Therefore, there is no distinction regarding off-season regulations whether a coach is paid or not and must comply. ALL must comply.

7. Coaches that indicate they will not return to coach the team the next season are still under the Out-of-Season Regulations for the school they coached at the previous season.

8. There is no regulation that would prohibit a school coach from coaching individuals in team play from other schools.

9. There is no regulation that would prohibit a school coach from coaching individuals in team play that played for a non-member school.
   **COMMENT:** Many middle schools/junior highs are members of the Catholic Youth Organization (CYO) and not the OHSAA. Individuals that play in the CYO programs are not under OHSAA regulations and therefore there is no regulation prohibiting school coaches from coaching them.

10. School Administrators are expected and required to monitor compliance as a condition of membership in the OHSAA.

11. Attendance at any activity outside of the season cannot be made mandatory nor considered to be criteria for team selection in the coming year.

**PLAYERS**

1. Individuals that played for a school sponsored team the previous season are governed by the Out-of-Season Regulations.

2. Individuals that played for a school sponsored team the previous season are permitted to receive individual instruction anytime during the season or out-of-season. They may receive this instruction individually OR in a group but the instruction must be individual instruction.
   **COMMENT:** Individuals are not permitted to receive TEAM instruction. This prohibits a group of players that played for a school team the previous season from getting together and being coached in team concepts outside the season.

A few common Q and A’s regarding coaching outside of the season:

**Q:** Can I coach athletes from my school’s team in the off-season?

**A:** Yes. Current regulations allow you to coach 3 or less individuals from your school in team or individual instruction anytime outside the season of play, except for the No Contact Period. The only time you are allowed to coach more than 3 players in the off-season, is during June 1 – July 31.

**Q:** Can I coach athletes from other schools in the off-season?

**A:** Yes. There is no regulation that would prohibit you from coaching athletes at any level from another school.

**Q:** How many players from our school are permitted to be on the same non-school team (such as club or travel)?

**A:** No more than 3 players that played for the 9-12 school team(s) are permitted to be on the same non-school team anytime outside the season of play except during June and July.

**Q:** When are players from our school team permitted to play for their club or travel (non-interscholastic) team?

**A:** As soon as their season is complete.

**Q:** If a player is a JV player only, do they have to wait until the Varsity team is out of the OHSAA Tournament before playing in club or travel Volleyball?

**A:** No, however, once a player does play in club or travel Volleyball (non-interscholastic), they are not eligible to dress or compete on the tournament roster.
Q: As a high school coaching staff member, am I prohibited from working with athletes who attend a 7th-8th grade school in the school district where I am employed?
A: Not necessarily. The answer to this question depends on how the high school coaching staff’s contracts are stipulated. If the high school staff has specific responsibilities for the middle school (grades 7 & 8) Volleyball program, i.e., either contractual or de facto responsibilities for oversight, training, direct contact with those players during school season, etc., then the high school staff would be accountable to the OHSAA regulations in terms of their work with all Volleyball players in grades 7-12. If there were no responsibilities or affiliation with any 7-8 grade school, then high school coaching staff members would have no restrictions placed on them relative to working with 7-8 grade Volleyball players either during the school year or during the summer period. Of course, Sports Regulation 7.3, which regulates the number of Volleyball players on a non-interscholastic squad during the school year (maximum of 3), would be in effect.

Out-of-Season Regulations: Individual Instruction

The Out-of-Season Individual Instruction Regulations were adopted by the OHSAA’s Board of Directors to provide an opportunity to school coaches for them to provide fundamental skill instruction to individuals. They were not designed to increase or add any additional time for team instruction.

Effective with the implementation of this regulation, coaches approved by a school’s Board of Education (or other governing body) will be permitted to provide INDIVIDUAL SKILL INSTRUCTION to individuals that participated on their school team(s) the previous season. A few of the parameters:

- Mandatory attendance at any individual instruction session is not permitted.
- Individual instruction may NOT take place during currently defined No-Contact Periods. The 28 day No-Contact Period at the conclusion of a team’s season does not change.
- There will be a limit of 4 (four) individuals in all combined facilities where the instruction is taking place. There is no designation of whether any of the 4 played for the school team or not. In other words, there is a limit of 4 individuals whether they played the sport the previous season or not. FOUR individuals, period. There cannot be 4 offensive players and 4 defensive players. There will be a limit of FOUR total in all combined facilities. Four means four.
- It is the responsibility of each school to understand, comply and enforce the parameters of this General Sports Regulation.

Individual Instruction Regulation - Q and A’s

Q: Now that a school coach is permitted to provide individual instruction outside the season of play, what is the intent of this regulation?
A: First, the regulation intends to permit education-based (school) coaches to be on the same level as non-school based coaches. School coaches are trained as education-based coaches and the feeling is to provide the same opportunity for these coaches that non-school coaches currently have.

Q: Does this mean I can coach my team outside the season?
A: Yes, as long as you have 3 or less players from your school team. The OHSAA permits a school coach to coach more than 3 players anytime outside the season between June 1 and July 31.

Q: So, how do you define individual instruction?
A: The coach may provide individual instruction (utilizing the definition of ‘coaching’) for no more than four players in all combined facilities where the instruction is taking place.

Q: What if I have 1 player present, is that okay?
A: Yes, because the limit is 4.

Q: What if I have 4 players present, is that okay?
A: Yes, because the limit is 4.
Q: What if I have 4 players present and 4 of my coaches present, is that okay?
A: Yes, because the limit is 4 INDIVIDUALS receiving instruction present.

Q: What if I am working with 4 players and a volunteer assistant coach is working with 4 others on the other end of the court, is that okay?
A: No, because the limit is 4 in all combined facilities where the instruction is taking place.

Q: What if we simply drop a curtain in the gym so 4 players are being instructed on one end of a gym while 4 others are being instructed on the other. Is this okay?
A: No, because the limit is 4 in all combined facilities where the instruction is taking place.

Q: If there are other individuals on the court but the coach(es) are only working with 4 individuals at a time, is this okay?
A: No, because the limit is 4 in all combined facilities where the instruction is taking place.

Q: Can I have 2 current 11th graders and 2 current 8th graders present to make the total number 4 receiving instruction?
A: Yes, because the limit is 4 and the restriction on 9-12 players with 7-8 players is not in effect outside the season of play.

Q: But, based upon the above, I thought 7-8th graders could not participate/play with 9-12th graders.
A: That regulation is true during the season of play and not in effect outside the season. Local school policy may determine whether you are permitted to do this or not. Ask your school Athletic Director.

Q: May a player receive individual skill instruction during the school’s sport season from a non-interscholastic (club, travel, etc.) coach?
A: While it is not the position of the OHSAA to encourage outside instruction during the school season, individual skill instruction MAY be received by a squad member at any time in individual lessons provided that these individual skill instructions do not violate any Board of Education, school administrators’ or coaches’ policies.

Non-Interscholastic Competition

A member of an interscholastic Volleyball squad (grades 7-12) sponsored by the Board of Education cannot participate in a non-interscholastic Volleyball program (such as club or travel), which includes tryouts, practice and contests, as an individual or a member of a team in the sport of Volleyball anytime during the school team’s season. A student-athlete becomes a member of the school team when he/she participates in a scrimmage, preview or regular season tournament match as a substitute or as a starter.

Recently, there are a growing number of colleges/universities inviting students to tryouts or workouts during the high school Volleyball season. These are considered non-interscholastic in nature and are NOT PERMITTED. You are encouraged to review this with your team members! For 2021, there is a waiver for this to occur one-time during the Volleyball season.

A member of an interscholastic Volleyball team sponsored by the Board of Education may participate in non-interscholastic Volleyball (such as club or travel) PRIOR TO and AFTER the school season under the following conditions:

- The number of interscholastic Volleyball players from the same school on a non-interscholastic team is limited to three on the roster of that non-interscholastic team. This number includes all players that played on the school team in the previous season from grades 9-11*.
- A player may continue to play with a non-interscholastic squad in a national qualifying tournament only in excess of the three-player limit until the squad is eliminated but no later than Labor Day. You must get approval in advance from the OHSAA for this to be permitted.
- A player may play in non-interscholastic Volleyball only when the student’s team has completed its season.

*Graduating seniors are exempt from this 3-player limitation.
It’s free, easy and it is REQUIRED!

Make certain your contests AND officials’ names are entered in the Arbiter data management system!

The OHSAA’s General Sports Regulation 3 requires head coaches and Athletic Directors to rate/vote for officials. Failure to participate in the rating/voting process results in a fine.

To make this process work it requires coaches and Athletic Directors to do their part. Officials take this process seriously and it is in everyone’s best interest to have the correct input for the assignment of officials. A few important things to note:

1. Coaches RATE Officials, 3 other categories of approved individuals VOTE for Officials. Those categories are: athletic administrators, each local Officials’ Association and a group considered Leaders of Officiating. The Leaders of Officiating category include local Officials Association secretaries and interpreters, instructors currently teaching a class, OHSAA Directors of Officiating Development, OHSAA Administrators, and select OHSAA assigned tournament observers and others as determined by the Assistant Commissioner. A person serving in more than one of the leaders of officiating category may only vote from one of them. Officials can gain a maximum of 15 votes per voting category.

2. Ratings are done at the conclusion of a match; voting is done at the end of the season. As mentioned above, ratings are done by COACHES at the conclusion of a match. Officials are NOT able to see how a coach rated.

3. “Pools” of officials are created as a result of ratings and votes. These pools are arranged into a “State Pool”, “Regional Pool” and “Sectional/District Pool”. Each pool has more officials than are needed at that level. Pools are created by mathematically calculating the following:
   1. Coaches rate officials on a 1-5 scale for each Varsity match. If an official receives fewer than 15 ratings, the official receives a rating of 2.5 for each rating fewer than 15. The official’s highest three and lowest five ratings are deleted and the officials remaining ratings are used to determine the mean, median and mode of the official’s ratings. Those three are totaled for a possible maximum score of 15
   2. The coaches rating is added to votes from the 3 categories for a maximum score of 60 per official.

4. District Athletic Boards utilize the various pools to assign officials to Sectional and District tournaments in their respective Athletic Districts. The process of assignment from approved pools is at the discretion of each District Athletic Board.

   **Note:** The total score is not made available to those making assignments; merely the ‘pool’ itself is made available to them.

5. The OHSAA Office utilizes the pools to assign officials to the Regional and State Tournaments.

6. All Rating and athletic administrator Voting is done through the myOHSAA Data Management System. Therefore, the data MUST be entered (official’s name and event) in Arbiter in order to populate the myOHSAA system and receive ratings and/or votes to be included in a pool.

OFFICIATING REQUIREMENTS AND OFFICIALS’ UNIFORM

OHSAA Volleyball officials must have officiated a minimum of 8 regular-season varsity high school Volleyball matches during the 2020 Ohio season, in order to be eligible for an OHSAA tournament assignment, as well as officiate at least 8 high school varsity contests during the 2019 season.

Officials residing in a geographic area where an OHSAA Volleyball Officials Association exists must attend 1 state and 4 local rules meetings. Officials in other geographic regions (both in and out of state) must attend one state rules meeting and successfully complete a rules meeting.

Line judge assignments shall be given to OHSAA Volleyball officials in good standing, who hold a PAVO Line Judge Certification from the previous season, and who will meet PAVO Line Judge Re-Certification requirements for the current season. To be eligible for State or Regional Tournaments, the line judge shall work as a line judge in a total of 8 matches in the current season. These matches can be 8 high school varsity or 8 women’s collegiate Volleyball matches, or a combination of both.

The official’s uniform should fit properly and be clean and neat. White long or short-sleeved knit shirts with an OHSAA embroidered or sublimated logo, are the only OHSAA authorized shirts. A black skirt or black shorts with a minimum of 4” inseam, or black culottes or black dress slacks are the required bottoms for an official’s uniform. If used, a black belt should be worn, and white shoes and white socks are part of the uniform requirements as well.

No watch or jewelry except a wedding band, medical I.D. or religious medal may be worn. Emblems and patches are not permitted on the officiating uniform. EXCEPTION: An American Flag patch/emblem is optional and, if worn, shall be on the left sleeve, approximately two inches below the shoulder with the star field facing to the front.

For OHSAA Tournaments, the uniform shall be black dress slacks, white short-sleeved knit shirt with an OHSAA embroidered logo and white shoes with white socks.

OFFICIATING ETHICS & CODE OF CONDUCT

(From www.ohsaa.org and the OHSAA Handbook for Officials)

Our member schools have entrusted officials to assist them in the education and development of their youth through athletics. This requires officials to be independent, impartial, and responsible to the people they serve. In recognition of these expectations there is an established Code of Ethics and Code of Conduct for all officials. The purpose of the code is to establish guidelines for ethical standards of conduct for all officials.

OFFICIATING CODE OF ETHICS

An Official must devote time, thought and study to the rules of the game and the mechanics necessary to carry out these rules so that one may render effective and credible service in a fair and unbiased manner.

An Official must work with fellow officials and the state association in a spirit of harmony and cooperation in spite of differences of opinion that may arise during debate of points or rules at issue.

An Official must resist every temptation and outside pressure to use one’s position as an official to benefit oneself. Under all circumstances, officials must avoid promoting the special interest of any person or group of persons other than the athletes we serve.

An Official must constantly uphold the honor and dignity of the avocation in all personal conduct and relations with the student-athletes, coaches, athletic directors, school administrators, colleagues, and the public, to be a worthy example to the athletes under one’s jurisdiction.

An Official will be prepared both physically and mentally, dress accordingly to expectations and maintain a proper appearance that is befitting the importance of the game.

An Official shall avoid the use of tobacco and related products at the contest site.
An Official must remember and recognize that it is important to honor contracts regardless of possible inconvenience or financial loss.

Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. The conduct of any official influences the attitude of the public toward the profession in general as well as toward the official in particular.

Sports officials bear great responsibility for engendering public confidence in sports. They are critical to the health of athletic competitions. Officials ensure games are played fairly, by the rules, within the spirit of the rules and in a safe manner. Officiating takes a great deal of preparation, continuing education and commitment of time.

PRE-SEASON PREPARATIONS

We have encouraged coaches to invite local officials to meet with their team during pre-season workouts. It allows the officials to meet the athletes and discuss new rules. It gives athletes an opportunity to ask questions and have a discussion prior to competition days. We also recommended inviting an official(s) to a pre-season meeting with team parents. Again, it provides a forum for healthy discussions and an opportunity for parents to learn more about the sport. Many of you already participate in such activities, but for those that do not, please get involved!

ADDRESS CHANGES

NOTE: Please keep your myOHSAA profile up to date with your most current address and contact information. Please log-on to make the appropriate changes and contact the OHSAA office with any questions.

WEBSITE RESOURCES

Our website includes a great deal of information specifically geared for officials. Go to www.ohsaa.org and click on the “Officiating” tab on the top of the home page. On the Officiating page you will find the following information. When you have questions, this may be a great place to start!

Topics include:

- OHSAA Officiating FAQ’s
- OHSAA Rules Meetings - information on local & state meetings, how to maintain your officiating permit
- Directory of Officiating Information & Forms - assigners, instructors, local & district secretaries, OHSAA staff
- How To Become an OHSAA Official - info for beginning and experienced officials, suspended and retired officials wanting to reinstate
- How To Change The Status Of Your Officiating Permit - information on upgrades, retired status, active military duty and address changes
- How To Renew Your OHSAA Officiating Permit - information on annual renewal procedures and fees
- Game Assignments - regular season and tournament selection processes and voting results
- Officials Needed Posting
- Coach and Player Game Ejections - ejection forms and procedures
- Officiating Uniforms, Equipment and Supplies - uniform regulations, authorized dealers, pins & patches
- Officiating Ethics and Code of Conduct
- OHSAA Officiating Hall of Fame - members, selection process and banquet information
- OHSAA Officiating Clinics
Coaches’ Code of Ethics

From the NFHS Volleyball Rules Book

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect and his or her welfare should be considered in decisions by the coach at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.

The Coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

The Coach shall uphold the honor and dignity of the profession. In all personal contact with students, officials, athletic directors, school administrators, the state high school athletic association, the media and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The Coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.

The Coach shall promote the entire interscholastic program of the school and direct the program in harmony with the total school program.

The Coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The Coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The Coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.

The Coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the contest.

The Coach shall not exert pressure on faculty members to give students special consideration.

The Coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.
The safety of our student-athletes is of utmost concern at all times. Information regarding the following important topics can be found at the OHSAA’s “Healthy Lifestyles and Sports Medicine” webpage at [http://www.ohsaa.org/medicine](http://www.ohsaa.org/medicine). Additional information relative to various equipment and rules relative to medical issues can be found throughout this manual as well.

  - Gatorade Sports Science Institute News

**NOTE:** Should you have a student-athlete that requires a medical device, like an insulin pump or cochlear implants, you must receive a waiver from our office for them to wear said device during play. You may send this request, along with a doctor’s note, to Emily Gates at egates@ohsaa.org. Officials must see an official waiver from the OHSAA to allow them to wear said devices during play, as these types of devices would not be permitted per NFHS rule without a waiver.

### Concussion Management

**Implementation of State Law and NFHS Playing Rules Related to Concussion and Concussed Athletes and Return to Play Protocol**

It is important for all individuals involved in interscholastic athletics to recognize the potential for catastrophic injury and even death from concussions. Thus, it is extremely important that each coach, administrator, contest official and medical support personnel review their responsibilities in protecting students. Further both students and parents have responsibilities in this area as well.

**Note:** It has always been the ultimate responsibility of the coaching staff, in all sports, to ensure that students are only put into practice or contests if they are physically capable of performing. However, all individuals involved in the conduct of interscholastic competition have responsibilities in this endeavor.

In January 2011, the OHSAA Board of Directors adopted a sports regulation which incorporated the National Federation of State High School Associations (NFHS) playing rules related to concussion recognition and management. On April 26, 2013, legislation adopted by Ohio’s General Assembly on concussion and head injuries in youth sports became effective. On February 14, 2013, the OHSAA Board of Directors mandated that these regulations become effective on April 26, 2013, for the remainder of the spring sports season and thereafter. This OHSAA regulation, as amended to incorporate this recent legislation, now reads:

*Any student, while practicing for or competing in an interscholastic contest, who exhibits signs, symptoms or behaviors consistent with having sustained a concussion or head injury (such as loss of consciousness, headache, dizziness, confusion or balance problems) shall be immediately removed from the practice or contest by either of the following:*

1. The individual who is serving as the student’s coach during that practice or competition.
2. An individual who is serving as a contest official or referee during that practice or competition.

**RETURN TO PLAY PROTOCOL**

If a student is removed from practice or competition due to a suspected concussion or head injury, the coach or referee who removes the student shall not permit the student, **on the same day the athlete is removed**, to return to that practice or competition or to participate in any other practice or competition for which the coach or contest official is responsible. Thereafter, which means no earlier than the next day, the coach or contest officials shall not permit the student to return to practice or competition until both of the following conditions are satisfied:
1) The student’s condition is assessed by either of the following:
   a. A physician, who is a person authorized under Chapter 4731 of the Ohio Revised Code (OCR) to practice medicine and surgery or osteopathic medicine or surgery (M.D. or D.O.)
   b. Any other licensed health care provider that the school district board of education or other governing authority of a chartered or non-chartered nonpublic school, authorizes to assess the student who has been removed from practice or competition.

2) The student receives written authorization that it is safe for the student to return to practice or competition from a physician or other licensed health care provider authorized to grant the clearance. Click here [link] to retrieve the OHSAA’s Medical Authorization to Return To Play (RTP) form.

A school district board of education or governing authority of a chartered or non-chartered nonpublic school may authorize a licensed health care provider who is NOT a PHYSICIAN to make an assessment and grant authorization for a student to return to participation only if the provider is acting in accordance with one of the following as applicable to the provider’s authority to practice in Ohio:

1) In consultation with a physician;
2) Pursuant to the referral of a physician;
3) In collaboration with a physician, or
4) Under the supervision of a physician.

Note: A physician or other licensed health care provider who makes an assessment or grants clearance for a student to return to participation may be a volunteer.

COACHES REQUIREMENTS

All coaches, paid and volunteer, must possess a current Department of Education-issued Pupil Activity Program/Coaching Permit. When renewing this permit, the coach will be required to complete an online concussion education course as stipulated in the section entitled Approved Online Concussion Education Course. This course is valid for three years and expires at the time the Pupil Activity Program/Coaching Permit expires.

CONTEST OFFICIALS REQUIREMENTS

New legislation signed into law by the Governor provides that no school “shall permit” an individual to referee interscholastic athletic contests unless the individual holds a Pupil Activity Program/Coaching Permit or has successfully completed within the last three years a training program in concussion recognition. Therefore, all OHSAA licensed officials shall possess either a current Department of Education-issued Pupil Activity Program/Coaching Permit or show evidence of completing an approved online concussion education course as stipulated in the section entitled Approved Online Concussion Education Courses. This course is valid for three years from the date of completion.

STUDENT AND PARENT REQUIREMENTS

All students and their parents or legal guardians shall review and sign the “Concussion Information Sheet” which has been developed by the Ohio Department of Health and which shall be distributed by OHSAA member schools to all students and their parents prior to each sports season. Students and parents shall review and sign this form each year and should keep a copy of the form. In addition, parents and students are encouraged to complete an approved concussion education course. The Concussion Information Sheet can be found here: [link]

NFHS SUGGESTED MEDICAL CLEARANCE RETURN TO PLAY PROTOCOL

1. No exertional activity until asymptomatic.
2. When the athlete appears clear, begin low-impact activity such as walking, stationary bike, etc.
3. Initiate aerobic activity fundamental to specific sport such as running and may also begin progressive strength training activities.
4. Begin non-contact skill drills specific to sport such as serving, hitting, setting, etc.
5. Full contact in practice setting.
6. Game play/competition.
   • Athlete must remain asymptomatic to progress to the next level. (It is often suggested that an athlete not be allowed to progress more than one level per day.)
• If symptoms recur, athlete must return to previous level and should be reevaluated by an appropriate health care professional.
• Medical check should occur before contact. (Final written clearance from the medical professional shall be obtained before the athlete engages in any unrestricted or full contact activity.)

State Law, NFHS Rules and OHSAA policy require a student who exhibits signs, symptoms or behaviors associated with concussion to be removed from a contest and not permitted to reenter competition that same day. This form shall serve to document that a student has been removed from a contest in accordance with State Law, NFHS and OHSAA rules due to exhibiting signs, symptoms and/or behaviors consistent with a concussion. The contest official must complete this form and forward it to the OHSAA within 48 hours after the conclusion of the contest. It is recommended that the official keep a copy of this report. In addition, if required by NFHS rule, an appropriate entry shall be made in the scorebook or other document as prescribed.

Student’s Name________________________________________Date________

School Name_________________________________________________________________

Sport ______________________________

Level of Contest (Circle One)     7th  8th  9th  JV  Varsity

Official’s Name ____________________________ OHSAA Permit # ______

Comments: __________________________________________________________________________
 ______________________________________________________
 ______________________________________________________
 ______________________________________________________

Please forward to the OHSAA within 48 hours.
Ohio State Law as well as NFHS rules and OHSAA policy require a student who exhibits signs, symptoms or behaviors associated with concussion to be removed from and/or prevented from participating or continuing to participate in any practice or contest (sports activity) and **not permitted to participate in or reenter practice or competition on the same day as the removal**. After these symptoms are identified, **written medical authorization from a physician (M.D. or D.O.) or another qualified licensed medical provider, who works in consultation with, collaboration with or under the supervision of an M.D. or D.O. or who is working pursuant to the referral by an M.D. or D.O., AND is authorized by the Board or Education or other governing board, is required to grant clearance for the student to return to participation**. This form shall serve as the authorization that the physician or licensed medical professional has examined the student, and has cleared the student to return to participation. The physician or licensed medical professional must complete this form and submit to a school administrator prior to the student’s resumption of participation in practice and/or a contest. **To reiterate, this student is not permitted to reenter practice or competition on the same day as the removal.**

I, ______________________________________________________, M.D., D.O. or ______(other qualified licensed medical provider) have examined the following student, ____________________________________________ from ____________________________High School/7-8th grade school (Name of Student), who was removed from and/or prevented from participating or continuing to participate in a _____________(sport) contest at the _______level (V, JV, 9th, 7-8th) due to exhibition of signs/symptoms/behaviors consistent with a concussion or who is known to have suffered a concussion. I have examined this student, and determined that the student is cleared to resume participation upon the completion of the directions provided below.

**PLEASE INDICATE YOUR DIRECTIONS BELOW**

___Return to play protocol for concussion as outlined in Zurich Consensus Statement 2012 or as attached.
___Return to play protocol for concussion required under direction of Licensed Athletic Trainer or other qualified licensed medical provider as approved in above directive
___Return to play protocol for concussion not required, and the student may return to participation in practice and competition on this date______________
___Other: (explain):

**VALID ONLY WITH ALL INFORMATION COMPLETED**

Signature of Medical Professional

____________________________________________________________ (MD, DO or other qualified Licensed Medical Provider as Approved in the Above Directive)

Date: _____________________

Contact Information:

____________________________________________________________

(Print or Stamp) Address:

____________________________________________________________

Phone:
Return to play is also subject to clarification of this document, as deemed necessary, by Licensed Athletic Trainer, other qualified Licensed medical providers authorized by Board of Education or other governing body, or school district administration. Return to play decisions are also subject to recognized principles of conditioning, skill development, mental preparedness, etc.

Parent(s)/Guardian and student are reminded that the initial signature document of awareness of signs and symptoms of concussion and need/requirement to report are still in effect. Parent(s)/Guardian and student have a responsibility to report any further signs or symptoms of a concussion or head injury to coaches, administrators and the student-athlete’s doctor. Information regarding signs and symptoms are available from school district personnel or OHSAA website.

**PRESENT THIS FORM TO THE SCHOOL ADMINISTRATOR**

Note: The school must retain this mandatory form indefinitely as a part of the student’s permanent record. Medical Providers should retain a copy for their own records.

### Communicable Disease Procedures

Though most schools have a Certified Athletic Trainer present at Varsity contests and all coaches are required to maintain a valid Pupil Activity Certificate through the Ohio Department of Education that includes a Sports’ First Aid component, it is important to keep up to date on the remote risk that blood borne infectious diseases can be transmitted during basketball practice and contests. For example, Hepatitis B can be present in blood as well as other bodily fluids. Procedures for reducing the potential transmission of these infectious diseases should include, but should not be limited to the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform, it must be changed before the athlete may participate.

2. Routine use of gloves or other precautions to prevent skin and mucous-membrane exposure when contact with blood and other body fluids is anticipated.

3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.

4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.

5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.

6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.

7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.

8. Contaminated towels should be properly disposed of/disinfected.

9. Follow acceptable guidelines in the immediate control of bleeding and when handling dressings, mouthguards and other articles containing body fluids.

You are encouraged to log on to the OHSAA’s website at [www.ohsaa.org](http://www.ohsaa.org) and refer to the Sports’ Medicine dropdown menu for additional information.
The OHSAA’s Board of Directors approved the following policy with advice from the Ohio Department of Health and shall observe this policy at tournament time in the event of an H1N1 Influenza outbreak.

1. The Ohio Department of Health has advised that it will be the decision of each local health authority in Ohio as to whether or not to close a school or university due to an influenza outbreak; however, at this time the Centers for Disease Control are not recommending closures except in extreme circumstances.
2. In the event schools remain open, competitors and teams shall be expected to play tournament contests on the dates scheduled.
3. In the event schools are closed, the OHSAA, in conjunction with our District Athletic Boards and tournament personnel, shall reschedule the tournament contest for the schools thus affected.
4. Please watch the OHSAA web site home page at www.ohsaa.org and the specific sport page on the web site for more information.

Heat Stress & Athletic Participation

The following information should be reviewed with coaching and sports medicine staff prior to any interscholastic practice where there is a risk of exertional heat illness. Please remember that there are four OHSAA sports which have a required acclimatization period prior to the commencing of any contests or physical contact, in the case of football. The sports of boys and girls cross country and 7-8th grade track and field require a minimum of 10 days of interscholastic practice prior to any competition for a student. The following is the regulation that addresses the mandatory five day period in football.

Five Days of Acclimatization Required — Acclimatization is a period when players can become accustomed to the heat and humidity. Health professionals recommend at least a five-day period. All football candidates must participate in five days of pre-season non-contact acclimatization prior to any physical contact. No pads may be worn on the first two days. Shorts, helmets, shoes may be worn. Shoulder pads may be added on day three and four, but no contact is permitted. Full equipment may be worn on the fifth day, but contact is prohibited. Candidates reporting late must participate in five days of non-contact acclimatization. This rule applies to all school teams grade 7-12.

All coaching and medical staff personnel shall observe the following precautions for all sports competed outdoors and/or in a hot, humid environment.

- **Stress to participants the importance of properly hydrating** during the day leading up to the contest/training, and to drink 8-to-12 ounces of water or sport drinks 20 minutes prior to the contest or any training session. This procedure can help prevent problems during practice and contests.
- **Schools shall have unlimited amounts of water** and sport drinks on hand during practices and contests, and coaches in team sports should be prepared to play a lot of players rather than just the starters.
- **Contest officials are permitted to establish predetermined breaks** during contests, such as halfway through each period. At that time, players can drink water and remove their equipment, which should also take place at halftime (the more skin that is exposed, the more cooling that can take place). **This provision also applies to all sports.**
- **NFHS football playing rules allow the referee to shorten periods** per mutual agreement by the opposing coaches. In addition, by mutual agreement a game may be terminated at any time.
- **Contest managers are advised to monitor conditions** for others affiliated with the contest, like cheerleaders, band members, coaches, officials and especially spectators.
- **In football, if schools decide NOT to play a contest, it becomes an open date for both.** If one school desires to play but the other does not, there are no forfeits involved. Again, it would become an open date for both schools. However, schools do have the option to reschedule contests, and OHSAA regulations do permit schools to play more than one contest per week. There also are no OHSAA regulations that prohibit games from being played on Sundays. The same concepts apply to all other OHSAA sports.
- **Please review the OHSAA policy on inclement weather and lightning.** In short, upon the first indication that thunderstorm development is within 15 miles of the game site, the activity shall be suspended until 30 minutes after the storm has left this 15-mile zone. Individuals should move to a safe area until the storm has moved away.
Know both the Temperature and Humidity. The greater the humidity the more difficult it is for the body to cool itself. Test the air prior to practice or a game using a wet bulb, globe, temperature index (WBGT index) which is based on the combined effects of air temperature, relative humidity, radiant heat and air movement and is the recommended standard of care for assessing risk of exertional heat illness. The following precautions are recommended when using the WBGT Index: (ACSM's Guidelines for the Team Physician, 1991)

- Below 64 - Unlimited activity
- 65-72 - Moderate risk
- 74-82 - High Risk
- 82 plus - Very high risk

One other method of measuring the relative humidity is the use of a sling psychrometer, which measures wet bulb temperature. The wet bulb temperature should be measured prior to practice and the intensity and duration of practice adjusted accordingly. Recommendations are as follows:

- Under 60 F Safe but always observe athletes
- 61-65 F Observe players carefully
- 66-70 F Caution
- 71-75 F Shorter practice sessions and more frequent water and rest breaks
- 75+ F Danger level and extreme caution

The OHSAA advises careful monitoring of the weather and plans to modify training and competition including:
1) Modification of equipment, if applicable to the sport
2) Allowance for more frequent rest breaks and the use of shaded areas for those breaks
3) Modification of practice time
4) Availability of water always
5) Availability of cold water immersion tubs for onsite cooling
6) If exertional heat stroke is suspected, immediate onsite cooling using cold water immersion before transport by EMS
7) Review and practice of the OHSAA’s recommended Emergency Action Plan, “Anyone Can a Save A Life,” or similar plan for all sports teams with special emphasis on the heat illness section.
No later than noon of the first school day following an ejection, the officials are required to make contact with the Athletic Director or Principal of the violator’s school to advise the administration of the ejection. Also, upon an ejection, the official files a report online in the myOHSAA system with the OHSAA. Since the procedures listed below are all triggered by the submission of the Officials’ Report online, officials are penalized in accordance with OHSAA adopted policies in the event they do not submit the report. After this written report that includes narrative is submitted:

- The report is automatically sent electronically to the OHSAA and copies to the school’s Athletic Director.
- The school’s Athletic Director is required to submit a reply that includes the school and coach/player side of the events/ejection.
- In the submitted reply from the school’s Athletic Director, he/she is required to submit the coach’s email address.
- Upon the Athletic Director’s submission of the Response Form, an email is sent to the ejected coach explaining the consequences (below) of the ejection:
  - An ejected coach is suspended from all matches for the remainder of the day of the ejection plus all matches until 2 at the level of the ejection are completed. Thus, a JV coach ejected from a JV contest cannot coach a JV OR Varsity contest until 2 JV contests have been played.
  - Ejected coaches must also pay a $100.00 fine and complete the National Federation of State High School Association’s (NFHS) “Teaching and Modeling Behavior” course within 30 days of the ejection.
  - The payment of the fine is completed with an online payment per the instructions provided to the coach on the email he/she receives that is triggered by submission of the School Response Form.
  - Consequences of ejections are to be enforced by the school administration and served by coaches/players even if the above protocol is not completed.

NEW (2020) EJECTION PROTOCOL POLICY FOR FIGHTING (PLAYERS AND COACHES):
- Any player or coach ejected for fighting shall be ineligible for all contests for the remainder of that day.
- The penalty for being ejected for fighting is ineligibility for the next four (4) contests at the same level of play that the ejection occurred in.

ALL PLAYER & COACH EJECTIONS ARE FINAL & NOT PERMITTED TO BE APPEALED per the OHSAA Board of Directors.

- Per OHSAA Bylaw 4-5-4, any student ejected or disqualified from a match must immediately be placed under direct supervision of a school official or coach. This may be on the bench or in the team area but the player is NOT to be removed from the site. Coaches are required to leave the facility immediately upon ejection. In the event there is no coach remaining to coach/supervise the team, the match is completed at that point.

- Any player or coach ejected from a scrimmage held prior to the start of the regular season are suspended from the first regular season contest. If the ejection occurs from a scrimmage held during the season, the player is suspended from the next regular season contest or OHSAA Tournament contest.

- Other pertinent ejection Information:
  - During the suspension period, the player MAY practice with the team;
  - During the suspension period, the player MAY be in the bench area and in the locker room before during and after the contest;
  - During the suspension period, the player MAY travel with the team to an away contest;
  - During the suspension period, the player is not permitted in uniform at any time before during or after the contest and may not be on the court for warm-up or to assist with warm-ups.
**Sportsmanship**

**NFHS Sporting Conduct Mission Statement**

Good sportsmanship is viewed by the National Federation of State High School Associations (NFHS) as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities which are characterized by generosity and genuine concern for others. The ideals of sportsmanship apply equally to all activity disciplines. Individuals, regardless of their role in activities, are expected to be aware of their influence on the behavior of others and model good sportsmanship.

**The Official’s Role in Sporting Conduct**

In 2004 the National Association of Sports Officials (NASO) conducted a survey of 550 sports officials and asked “what is the number-one problem in our games today?” Not too surprising, the number one response was “Poor Sportsmanship”. As a result, the NASO brought together some of the best and brightest in youth, high school, collegiate and pro sports to examine the issue and explore the official’s role in promoting positive on-court behavior. The results were published in the book at the right and identified 3 critical ideas:

1. What is at Stake
2. What is Expected, and,
3. What steps to Take

As a result, the following are important results of this study and publication:

1. 65% of respondents indicated their respective associations do not do enough to help improve sportsmanship.
2. 89% of officials responding consider themselves PARTNERS with players, coaches and administrators in improving sportsmanship.
3. 54% of officials responding indicated they felt the DO have the training, authority and knowledge to make an impact.

The conclusion:

Sportsmanship is EVERYONE’S job and we are all partners in this endeavor.

**Special Volleyball Coaches’ Note on Sporting Conduct**

Expectations need to be placed on team members relative to sporting behavior. I urge coaches to be at the forefront of setting examples of behavior and translating that into expectations for their student-athletes. It is good for the game and will allow the continued growth of Volleyball.

**The OHSAA & Sportsmanship**

As we prepare for the upcoming seasons, the Ohio High School Athletic Association (OHSAA) wishes to emphasize to each of you the importance of your leadership role in the promotion of sportsmanship, ethics and integrity. The professional manner in which officials and coaches conduct themselves prior to, during and following a contest unquestionably impacts the behavior of others who may be involved.

The OHSAA has joined the National Federation of State High School Associations (NFHS) in its quest to improve sportsmanship, ethics and integrity. We are involved in an ongoing campaign in every sport to do just that. Printed below is the mission statement of the NFHS concerning sportsmanship, ethics, and integrity. Please take the time to read and digest this statement and then carefully consider your impact upon students, officials, coaches, and fans. Thank you and have a great season!

The Ohio High School Athletic Association challenges all of us in the Volleyball community to take positive steps toward the goal of attaining the high ideal of good sportsmanship. It is the responsibility of each of us to serve as a positive role model and set high expectations for others.
ADMINISTRATORS
Athletic Departments are comprehensive, pre-eminent teaching departments with a subject matter all their own: self-confidence, leadership, teamwork, discipline, perseverance, respect for others, strategic thinking, dedication, the importance of rules, and sportsmanship. These are true life lessons and participation in athletics provides another forum for learning. Coaches and Officials are responsible for promoting sportsmanship and positive behavior on the court. Administrators, we need your continued assistance in promoting sportsmanship and controlling fan behavior in the stands! Let the parents and fans know what you expect!

COACHES
Your athletes will demonstrate the attitudes and behaviors they have learned from you, either through direct instruction or through observation of your actions. Never underestimate the influence you have on your players! You must:

- Abide by and teach the rules of the game in letter and in spirit.
- Set a good example for players and spectators to follow.
- Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.
- Display modesty in victory and graciousness in defeat.
- Develop a program that rewards participants and spectators for displaying proper sportsmanship and enforces penalties on those who do not abide by sportsmanship standards.

It is difficult to develop a great finisher, a great setter or a great libero. That is true. However, your greatest challenge is to develop mature young adults who will become great citizens and role models in your community.

OFFICIALS
Your job is not an easy one, but the official must be aware that they are an important component in the educational development of students. To carry out this responsibility, you must:

- Know the rules and mechanics of our sport and the philosophy behind them.
- Get fit and stay fit. An official with all of the rules and mechanics knowledge and people skills in the world does no good if he or she cannot physically keep up with play.
- Maintain professional and ethical relationships with athletic administrators, especially in the area of fulfilling game contracts.
- Work cooperatively with fellow officials during matches and within the referees’ association to improve members’ performances.
- Maintain at all times and when interacting with all participants, an attitude of civility and professionalism.
- Practice effective preventive officiating as much as possible before, during, and after a match. The quiet word, proper signals, timely verbal instructions, a simple thank-you to a player for avoiding an unsporting act, and well-thought-out pre-game conferences with the teams and other game officials will result in an improvement of sportsmanship by eliminating the chance for things to go wrong.

STUDENT-ATHLETES
You serve as a role model for your younger siblings, young fans in the stands, your teammates, and your classmates. Set high expectations for everyone and help them follow-through! You must:

- Accept and understand the seriousness of your responsibility, and the privilege of representing your school and the community.
- Live up to the standards of sportsmanship established by the school administration and the coaching staff.
- Learn the rules of the game thoroughly and discuss them with others. This will assist everyone in the achievement of a better understanding and appreciation of the game.
- Treat opponents as you would like to be treated......with respect.
- Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.

CONCLUSION
Good sportsmanship is everyone’s responsibility. It is the essence of interscholastic athletics. Remember...some may question an official’s call or a coach’s substitution, but no one can question the value of good sportsmanship.
On the OHSAA’s Respect the Game webpage you will find Fair Play Codes for athletes, coaches, and fans, as well as additional information regarding parents’ role in interscholastic athletics. The sportsmanship page also includes information about the Harold A. Meyer Sportsmanship Award and the Archie Griffin Sportsmanship Award. Please feel free to contact us with any additional questions. Please take time to visit this from the OHSAA’s website along with many helpful items previously mentioned on the NFHS Learn website at www.nfhslearn.com.

Emotions run high at the end of a contest and coaches are often tempted to make inappropriate comments to the news media covering a match. The OHSAA Constitution and Bylaws reads in part “Great care shall be exercised in the selection of officials, well in advance of the contest and agreed upon by schools involved.” Public criticism of officials is a direct reflection upon those who were responsible for assigning the officials to the match. Officials are trained and expected to make no derogatory comments regarding the players, coaches, or schools. Coaches are expected to follow the same procedure in regard to the officials. Coaches violating this rule may be asked to discuss the problem personally with the Commissioner. (See the Media Regulation section in our Sports Regulations, Section B, page 83, OHSAA Handbook).

ONLINE RESOURCES

On our website (www.ohsaa.org)– click on “Respect the Game” on the right side of the screen) you will find Fair Play Codes for athletes, coaches, and fans, as well as additional information regarding parents’ role in interscholastic athletics. The Respect the Game site also includes information about the Harold A. Meyer Sportsmanship Award and the Archie Griffin Sportsmanship Award. Please feel free to contact us with any additional questions. A direct link can be found by clicking on http://www.ohsaa.org/RTG/Resources/resources.htm

Have a great season!
