Re: Survey on Weight Classes

On Tuesday, April 20, the NFHS announced that states must adopt a new set of weight classes for implementation no later than the 2023-24 season. A new, separate weight class set will be selected for both boys and girls competition.

Please review the full press release here:

<https://www.nfhs.org/articles/separate-weight-classes-for-girls-choice-of-weight-classes-established-in-high-school-wrestling/>

In order to gather feedback on the preferred weight class set, please complete the brief survey at the link below:

Take note that the 14-weight class set is not the same 14 weight classes that we currently use. It changes every weight class from 144 up to the standard 285 weight class.

Please submit your feedback by Wednesday, May 5 at 12 PM.

Thank you for your input!
